The centralized feedback committee of the Institute collects the online feedbacks from institute stakeholders from time to time. Feedback from students, teachers, alumni, and employers are intensively applied for enhancing the overall development of the Institution. At the end of every semester, the committee collects and analyzes the department wise faculty course feedback from students for a comprehensive progression of the course teachers. Each department conducts a graduate exit survey of final-year students about the teaching-learning process, curriculum, co-curricular extracurricular activities, infrastructurefacilities, Training/Placement activities, continuous improvements, and industry supports. Thefeedback committee collects the feedback of alumni at the time of the annual alumni meet to strengthen the bond between the Institute and alumni for getting the sponsorship for the projects, internships, and to schedule, the alumni talk. Feedback committee also collects the feedback of employers to bridge the gap between industry and academia for better employment opportunities. The corrective action plan is implemented after discussions of the Head ofthe Institute with Heads of the departments.

Excellent Session, nice information regarding college activities and curricullar activities

Increase project based learning in the curriculum

We are highly satisfied with the college protocol.

This type of meting should be taken twice a year.

TPTM should be taken twice a year.

Excellent college and teaching. Thank you for supporting my ward .

"Thank you for your hard work in supporting my sister as they develop. Your patience and commitment to supporting my sister has mean a lot to our family." "With your guidance, of my sister has developed into a confident and capable child.

All Teaching Staff are kindness, knowledgeable, and well nobel professional. Lot's of Thanks.

Everything is Good

All the curriculum activities are conducted on time

All good

Conduct parents meeting at least once in a month

College needs to focus on personality development.

I need good explanation of practical session, sometimes teachers only say do this and do that and leave the practical hall. Please explain us clearly so we can understand much better. Some elective subject is new to us and we can not understand the practical.

Have problem about one subject

Must focus on students personal development,and pratical knowledge other than theoretical knowledge must be appreciated and taught

Increase Mock Interviews and quity of food

Today session was good. As discussed please form parents whatsapp group proper communications

No suggestions.thks

First of all, thanks to the HoD and entire staff for such a wonderful initiative. Also we got to know so many excellent programs and special initiatives being arranged by the Computer Science and training cum placement teams. We are really happy about the overall support and guidance being provided to my ward. Thanks again. :)

All faculties & HOD are given best guidelines to our wards.My daughter is informing us regarding college activities but I think college also give information regarding important activities

Computer dept HOD & all facilities are giving best guidelines to our wards. My daughter inform u regarding activities of college but I think college also give information regarding important activities.

1.parent meetings should be organised regularly. 2. Important activities should be informed to parents in advance (training courses, internship programs, placement related activities, etc.) 3. College supported software programming courses and their timetable,criteria, duration, it's importance should be informed to all parents through common platform.

1) if college wants to convey any message about my wards any progress or lacunae then convey directly to me. 2)please share the wifi password of college during practicals because sometimes the pcs are not working students have to perform it through their laptops using their own mobile data.

Nice Session

Good to see that the all professor are working hard for students growth. Ilot of initiatives has been taken in collage and I observed by yard involvement is satisfactory. For internship we are not clear and student is confused for that if you guide the parent for right intership then they will help and support the student to provide accordingly

Needs frequent teacher parents meets to reach to desired goal of student

A guest lecture can be organize for carrier counseling and Moral and ethnic value.

Apart from syllabus, new updated technologies should be taught

Required trained staff

The information and updates of college activities should reach upto parents

No Any

Thanks for forming group. Please forward link for AWS and Zenstar

Satisfactory with the acedemics , teaching staff and college.

Nothing as of now

No comment

Collage And All Teachers are Good

I would like the college to work on its infrastructure and on faculties since there are no faculty for few subjects. Also if college could work on college clubs like any MUN's or tech club etc for extra curriculam.

1. Regular parent meeting to be arranged. 2. Information of courses and internship to be informed to all students through official message group or notice board.

No suggestion

Not any suggestion just request for you that please give students a way to intersting learning or good way to study and otherwise you are doing well no complaints

Good information

Please Help her for pistol shooting sports as extra curricular activity

Everything is perfect nothing is required to suggest

Best college staff members are helpful and Toilets are very dirty and should be targeted

You are requested to appoint a permenant facuilty for Engineering Mechanics that would help in more effective learning that will help for the next batch onwards.

Overall Excellent

Include various programmes as much as possible for students development.

Faculty should be provided to every subject

Everything is up to mark !!! Good! Keep it up

Please,Extend the library closing timing if possible.

I am satisfied with my ward's performance and all the faculties are very supportive,

There should be one session like parents meeting should be arranged by college regarding progress of our ward on regular basis.

She's rather good but comes out rude...

-

None

I would suggest she should understand students situation as well and should consider student's precious time as well . She should not behave rudely with students. She yells and shouts a lot which is not good for health as well . Being strict is fine but being rude and not understanding students problem and purposefully is not correct I feel .

👍

Faculty was not regular and took 3 to 4 hrs class at one time. So understanding was low.

Nice

Average

Only if we had him as an actual prof. We would have been doing very good at this subject. A humble request to the authorities to find one permanent faculty so that others don't suffer as we did
