

**3.2.2 Number of workshops/seminars/conferences including programs conducted on Research Methodology, Intellectual Property Rights (IPR) and entrepreneurship during the last five years**

<b>Year</b>	<b>Name of the workshop/ seminar/ conference</b>	<b>Number of Participants</b>	<b>Date From – To</b>
2022-23	Seminar on Programming Techniques	47	30/08/2022
2022-23	IOT Workshop	78	11/10/2022 to 15/10/2022
2022-23	Webinar on Security and Trust	76	18/10/2022
2022-23	Workshop on Python Programming for machine learning	74	23/11/22 to 24/11/22
2022-23	Seminar on SMAC Technologies and the Future	98	23/03/2023
2022-23	Webinar on Coding Super Power: Go Easy with C++ and Logic Building	28	25/03/2023
2022-23	Webinar on Coding Super Power: Go Easy with C++ and Logic Building	42	25/03/2023
2022-23	Workshop on Circuit Building PCB making	124	10/04/23 to 12/04/23
2022-23	Course on Intellectual property rights	76	25/02/23 to 30/05/23
2022-23	Course on English for research paper writing	81	24/09/22 to 28/11/22
2022-23	Course on Start up Eco Systems	78	28/08/22 to 29/10/22
2022-23	A three-day workshop Control System Expert Lecture Series	48	09/05/23 to 11/05/23
2022-23	Seminar on Entrepreneurship Development	44	12/09/2022
2022-23	Seminar on Entrepreneurship Development	140	31/05/23 and 1/06/23
2022-23	Webinar on Internship opportunities	50	16/11/2022
2022-23	Webinar on Microsoft Cloud and AI Internship	61	02/11/2022
2022-23	Workshop on Electric vehicles for smart cities	53	12/07/2022
2022-23	Avishkar Project Competition	38	08/09/2022
2022-23	webinar on Internship opportunities on VLSI, IOT, and RF	27	11/02/2023
2022-23	Webinar on Motivational Session by Successful Entrepreneur	180	16/02/2023
2022-23	Webinar on How to plan for Start Up	70	11/05/2023
2022-23	Workshop on Entrepreneurship and Innovation	58	19/05/2023
2022-23	Seminar on Learning track for Internship and Placement	59	14/10/2022
2022-23	Workshop on Programming in multilayer neural network model	64	17/10/2022
2022-23	Seminar on Internship opportunities in advanced IT Trends	70	15/10/2022
2022-23	Seminar on Current Trends in the Industry	58	18/10/2022
2022-23	Seminar on Introduction to Angular	49	16/02/2023
2022-23	Webinar on Why Python Programming is a Future Skill for Every Learner	45	07/05/2023
2022-23	Webinar on CICD with Docker and Kubernetes	60	19/05/2023
2022-23	Workshop on Electric vehicles	130	04/03/2023

### Report of Seminar on "Programming Techniques"

30th August 2022

A Seminar on the topic "Programming Techniques", by Mr Nagesh Mhetre was held for the students of SE-IT on 30th August 2022.

Seminar started with the introduction of the speaker. Then Mr Nagesh Mhetre addressed the students by telling them about programming languages. He gave brief information about the basic 'C' programming language.

Moreover, Mr Nagesh Mhetre told about simple programs stated how we can enter password & it will automatically get converted \* as a part of security and also he explained the different functions aligned in the library of C.

Seminar was very informative and students learnt a lot about basic C programming language and got proper guidance regarding this language.

No. of students Attended the Seminar :-47

Date: 11/10/2022 to  
15/10/2022

Notice

All the students of TE-E&TC are hereby informed that, ETSA is organizing a seminar on

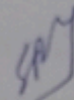

" IOT Workshop "

by Mr. Chittaranjan Mahajan of Dolphin Lab

on 11/10/2022 at \_\_\_\_\_ in-class room No. \_\_\_\_\_

to 15/10/2022

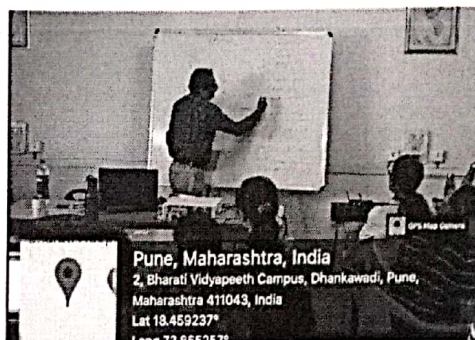

All the students should attend the same otherwise fine will be collected.

HOD.

Prof Dr. S.R. Patil  
(E&TC Dept.)

## Workshop on Internet of Things

**5 days workshop on Internet of Things from 11 Oct 2022 to 15 Oct 2022**

A five days workshop on “Internet of Things” was organized by ETSA (Electronics and Telecommunication Student’s Association), Electronics and Telecommunication Engineering Department for fourth year (B.E.) students in association with Dolphin Labs, Pune, from 11<sup>th</sup> October 2022 to 15<sup>th</sup> October 2022. The speaker of the workshop was Mr. Chittaranjan Mahajan, Founder, Dolphin Labs, Pune.

The training workshop was opened with a lot of enthusiasm from the speaker as well as from the students. The workshop was started by revising basic terms and introducing new terms useful for the further sessions by the speaker. He explained the terms in such an interesting way that many of the students were eagerly asking doubts related which just showed that how much interest the students were in learning the new concepts.

The practical sessions started by downloading Arduino software which was required for mostly practical’s that were going to be performed. After basic input and output interfaces further session continued with interfacing of Arduino with Bluetooth and control the switches through phones rather than using switches or buttons. Students experimented on interfacing between a DC motor and Arduino. Basically, the practical was to control the speed of the fan by using Arduino software which many students enjoyed doing. The Bluetooth model which was used for all practical was Node MCU i.e. Esp8266. Last day was all about the projects that could be done by students based on IoT and Arduino. A discussion session with lot of projects like social distancing alarm, fire alarm, home automation, rainfall detector etc was interesting and lot to learn from. Then the speaker also gave a short introduction on Raspberry- Pi and MQTT.

The workshop ended by vote of thanks given by a B.E. student. The Principal, Prof. Dr. S. R. Patil thanked Mr. Mahajan and his team for providing us with a lot of information, theoretical as well as practical. Prof. Dr. S. R. Patil sir also distributed certificates to all the participated students and the student coordinators of the workshop. The workshop was coordinated by Prof. S. A. Itkarkar and Prof. Y. R. Dhumal.

### Report of Webinar on "Security and Trust"

The Department of Information Technology organized a webinar on "Security and Trust" by Mr. Kaarthik Sivakumar, Principal Engineer, Cisco System India Pvt. Ltd., on Tuesday, 18<sup>th</sup> Oct, 2022 from 02:00 PM to 03:30 PM through online platform Google Meet for SE and TE IT students. Total 76 Students attended this webinar.

The program started with a welcome speech and the introduction of the speaker by Utkarsha Kakade, TE IT student. The speaker, Mr. Kaarthik Sivakumar then took over and gave a brief introduction about security and trust. He also explained Types of act, Chain of trust, how they connect devices and what are the problems we need to explore.

The session ended with a Vote of Thanks speech by a Third Year student Ms. Ghanishta Rane.

The session was very interesting and interactive. Students got answers to all their questions. The conduction of this ACM event was a great success.

**Workshop on Python Programming for Machine Learning**

**Brief Report of Activity**

Workshop on "Python Programming for Machine Learning" was organized in Bharati Vidyapeeth's College of Engineering Women, for Second year Computer Engineering students. It was conducted on 23/11/2022 and 24/11/2022. The guest speaker of the workshop was Mr. ATUL WADKAR. He is an Open-Source enthusiast who is Director at Algorithmic Electronics, Pune with 10+ years of experience in IoT, AI-ML Development and Training.

The program started with the welcome speech and introduction of the speaker by Student Miss Malishka Salke. Mr. Atul Wadkar then started his presentation on 'Basics of Python' with the explanation about the importance of python, basics such as syntax, datatypes, its basics and gave various assignments to perform. He explained us about AI-ML, he also engaged us by giving assignments on topics we learned related to AI-ML. He showed a detailed presentation on importance of AI-ML. At the end of the session we completed a mini project on Alexa where-in we customized it according to our own choices.

The Workshop was concluded with a sincere vote of thanks by Student Miss. Ramya Vaddempudi. Overall, it was really beneficial as we came to know about the importance of Python as well as AI-ML

Report of Seminar on "SMAC Technologies and the Future"

The ACM organized a seminar on "SMAC Technologies and the Future" by Ajay Deshpande, Senior Director, Icertis, Pune on the 23<sup>rd</sup> March, 2023, Thursday from 10.30 AM to 12.00 PM for SE and TE IT. Total of 98 students attended this seminar.

The program started with a welcome speech and the introduction of the speaker by TE IT student Ms. Prajwal Said. The speaker, Ajay Deshpande sir gave a brief introduction about what are SMAC technologies; i.e., Social Media, Mobility, Analytics and Cloud Computing. Then sir explained each concept in detail starting with trends from 1950 and the evolution that followed with real life examples. Sir also explained how these technologies will drive market growth in future. Sir suggested to go through a few case studies and recommended few projects for students.

Then the session ended with a Vote of Thanks speech by TE IT student, Ms. Shailja Shree.

The session was very interesting and interactive. Students got answers to all their questions. The conduction of this event was a great success.

### Webinar on Aptitude and technical training

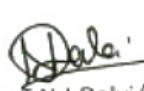

#### Brief Report of Activity

Webinar on "Webinar on "Coding Super Power: Go Easy with C++ and Logic Building"" by "BrightSea Technology OPC Private Limited" was organized in Bharati Vidyapeeth's College of Engineering for Women for Second-year Engineering. The guest speaker for the session was Miss Bhakti Jagtap on 25/3/2023. Miss.bhakti Jagtap is Director having more than 5 years of experience. Her domain expertise includes programming in languages like C,C++ etc.

The program started with the welcome speech and introduction of the guest speaker Miss Bhakti Jagtap started her presentation on 'Introduction to C++'. she started the webinar with explaining us about need of C and C++ language.He also gave us information about the technical terms from C++. Moreover, the information about how to do programming in C++. After this we had been given few questions based on that and the tricks to solve those perfectly were also given.The Webinar was concluded with a brief summary and the sincere vote of thanks. Overall, it was really beneficial as we came to know about the importance

### ITechS'A Event

#### Report of webinar on "Coding Super Power: Go Easy with C++ and Logic Building"

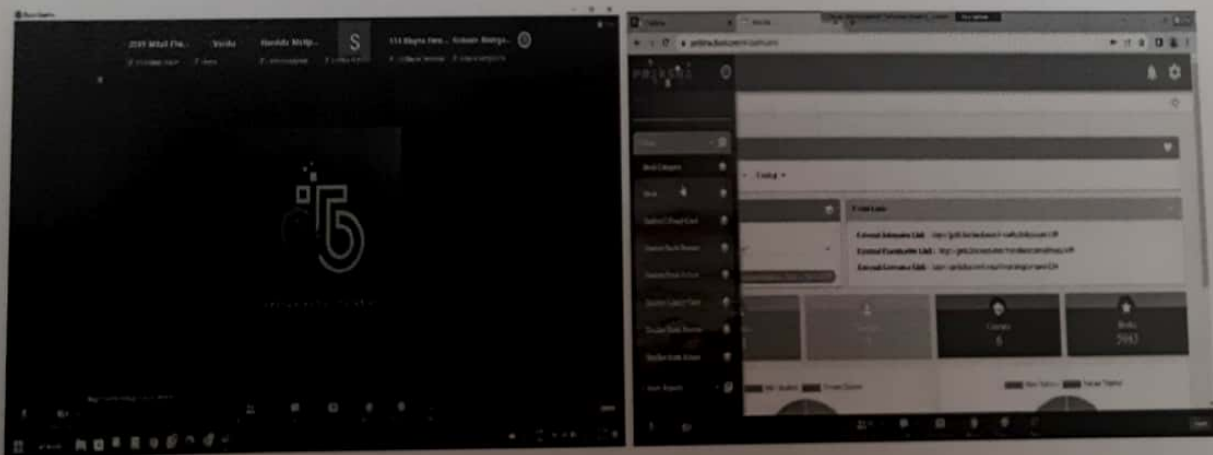

25<sup>th</sup> March 2023

A webinar on the topic "Coding Super Power: Go Easy with C++ and Logic Building" by Mrs. Bhakti(Bright Sea Technology Pvt.Ltd.) was held for the students of SE-IT on 25<sup>th</sup> March 2023 from 5 pm to 6 pm.

Webinar started with the introduction of the speaker. Then Mrs. Bhakti addressed the students by telling about the importance of consistent coding practice through different logic building projects .

They discussed about their plans that how they will conduct at most 3 days sessions for SE-IT students for building logic and clearing basic important concepts used during C++ programming by providing different kinds of coding problems usually asked to crack HR interviews.They attempt to provide students with detailed knowledge related to different programming skills,what jobs roles students should obtained for ,what's a detailed guide to become a C++ programmer and gave them confidence in attempting coding questions in the future.

Webinar was very informative and students learnt a lot about coding and technical training and they got guidance regarding career. The webinar ended on a happy note.

Subject: Expression of Gratitude

Dear Sir ,

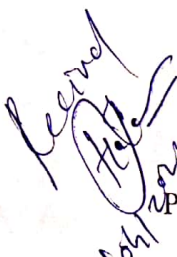

We sincerely wish to thank you for readily accepting our invitation as a resource person and conducting the hands-on workshop on "**Circuit Building and PCB Making**", for SE(E&TC) students from **10/4/2023** to 12/4/2023.

The contents of the workshop was well received by students and they are highly benefited with your experience and knowledge.

Thank you for sparing your valuable time. We look forward for the same favourable support in future.

Thanking you,

Subject : Invitation as a resource person for three days hands-on workshop on **"Circuit Building and PCB Making"**, for SE(E&TC) students

Dear Sir,

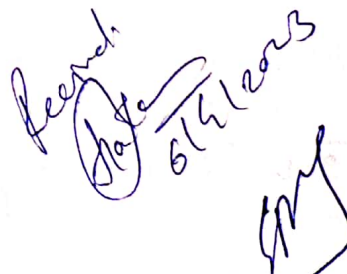

It is our immense pleasure to invite you as a resource person for three days hands-on workshop on **"Circuit Building and PCB Making"**, for SE(E&TC) students from 10/4/2023 to **12/4/2023**. Your experience and expertise in the said subject will definitely help our SE students to enhance their knowledge. They will be motivated and gain some skills from your expertise.

It's our humble request to spare your time as a resource person.

Thanking you,

Prof. P.R. Yawle

## **Report on Workshop on Circuit Building and PCB Making**

A three days' workshop on "**Circuit Building and PCB Making**" was organized by Electronics and Telecommunication Department for Second Year (SE) students in association with Dolphins Labs from **10<sup>th</sup> April 2023** to 12<sup>th</sup> April 2023. The speaker of the workshop was Mr. C.P. Mahajan, the Founder & CEO of Dolphin Labs. The session started with the inauguration function in which Prof. Dr. S. R. Patil, Principal explained the motive of the workshop and also elaborated on how such kind of workshops will enhance the personality of an electronics and telecommunication engineer. The introduction of speaker was given by workshop coordinator Prof. P. R. Yawle.

After the inauguration ceremony, Mr. C.P. Mahajan started the workshop by giving an overview of the contents of the workshop and tools required to build a circuit on PCB. He taught about the electronic components and connections on a bread board and gave the introduction and applications using IC 555. The hands-on session started small projects built using IC 555 and other components, which were mounted on a breadboard. Next day started with the session of virtual design of PCB layout using the *Express PCB Software*. The recourse person also enlightened on how to design PCB layouts while keeping manufacturing costs in mind. On the last day of workshop, the layouts created by the students were printed and transferred to the PCB boards. The students drilled the holes on PCB and tried etching using Ferric Chloride. The recourse person also gave industry exposure and overview. Lastly, a question-and-answer session was held which was a interactive session where students cleared their doubts on various aspects from Mr. C. P. Mahajan and also elaborative and valued feedback was given by students. The vote of thanks was delivered by Miss. Ananya Wagh, student and class representative of Second Year (SE-II). Overall, the workshop was very beneficial and students were happy that they got an opportunity to learn the hand-on session from Mr. C. P. Mahajan. With the determination and hard work of Head of Department and Principal, Prof. Dr. S. R. Patil and workshop coordinator, Prof. P.R. Yawle and student coordinators, this workshop were an absolute success.

### Report of audit course 4 on "Intellectual Property Rights"

2022-23 SEM-II

As per the curriculum of SE IT (2019 course) it is recommended to conduct an audit course 4 (non-credit course) for SE IT students. IT department decided to offer **2144591D** "Intellectual Property Rights" as an audit course II. This course is conducted by Prof. Dr. Sunita Dhotre. The contents covered are as given below.

- Intellectual Property: Meaning, Various types of Intellectual Property like Copyright and copyright subject matters, Patents, Trademarks, Industrial Designs, Geographical Indications, Trade Secrets.
- Patentability criteria and patent infringement: criteria for patentability are novelty, inventive step, Industrial Application, Non- Patentable subject matter. Information about patent infringement
- Efforts being taken by the Government in promoting IPR for startups: various schemes like "startups Intellectual Property Protection" and other policies.

After completion of the course students have the knowledge of Intellectual Property Rights and its types. Students got awareness of patents and government schemes for startups.

#### Report of Audit Course VII on "414449C: English for Research Paper Writing"

2022-23, SEM-I

As per the curriculum of BE IT (2019 course) it is mentioned to conduct an audit course VII (non-credit course) mandatory for BE IT students. The IT department had decided to offer "414449C: English for Research Paper Writing" as an audit course VII. This course was conducted by Dr. Arati Agarkar, Associate Professor, MMCOE, Pune. The contents covered are as given below. The planning and preparation, highlights, hedging, different sections of papers, highlights and plagiarism. She also explained solutions to actual writing problems. The audit course was conducted successfully under the valuable guidance of H.O.D, Prof. (Dr.) D. A. Godse.

Dr. Arati Agarkar planned the syllabus in 4 sessions followed by groupwise discussion for literature survey of their project. The three sessions were conducted in classroom 205 and one session and project related paper discussion were conducted on online platform Google Meet. Then project groups submitted the report and research paper on the topic.

After completion of this course students were able to understand how to improve writing skills and level of readability, identify and categorize about what to write in each section and prepare the good quality of paper at very first-time submission. Audit course completion certificates were provided to all students.

Audit Course 7 on "414449C: English For research paper writing"

### Audit Course

#### Report of Audit Course on 'Start-up Ecosystems'

An audit course on the topic 'Start-up Ecosystems' was conducted for the TE IT students by Prof. Makarand Velankar, Assistant Professor- Information Technology Department, MKSSS's Cummins College of Engineering for Women, Pune. He is the advisor at E-cell Yukta Entrepreneurship cell and TED club, Head of Start-up and Innovation Cell Supported by Centre for innovation, incubation and Enterprise SPPU, Pune, and a recognized mentor – Music Information Retrieval by ISMIR, Entrepreneurship educator affiliated to Wadhvani Foundation. The course was conducted for 12 hours. The course was conducted from 28<sup>th</sup> August, 2022 to 29<sup>th</sup> October, 2022 in online mode with the help of Google Meet.

On the day of the inauguration, the speaker was felicitated by Prof. Dr. D. A. Godse, H.O.D. (I.T.). The speaker then addressed the students and briefed them about the activities that he was going to conduct.

He started the workshop with a very creative introductory session, where students had to introduce themselves in a novel way. They had to mention their name and list out their hobbies as well as achievements. This was followed by an activity where the students had to share their innovative ideas on start-ups and entrepreneurship and some ideas on what kind of start-ups they can start. It was an enjoyable ice-breaking exercise, and it was observed that students were quite engrossed in the exercise. He also guided us on how we can overcome our fear by training our body and mind to relax and try a few tricks and guided us to gain confidence in ourselves and in our ideas. The further sessions were conducted by covering all the units in the syllabus also some extra ideas and knowledge was provided to the students with some discussions.

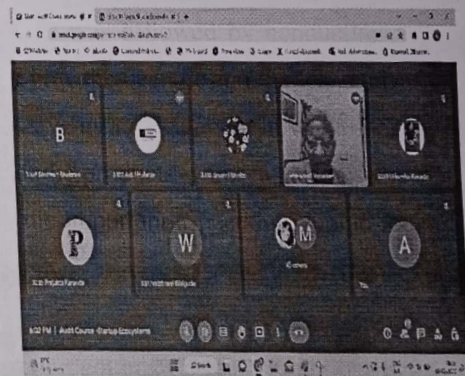

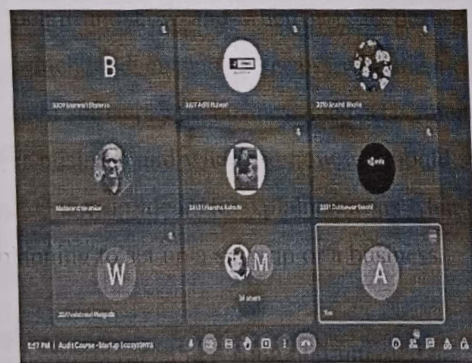

In the first unit, he gave us a detailed introduction about start-ups and entrepreneurship with the help of various videos and pdfs. The discussion of some ideas that we had about the start-ups and also a detailed discussion was carried out on the opportunities we could fetch in the start-ups. He explained to us about the rise in start-ups, initiatives taken by the government to help the start-ups, and how entrepreneurship in India is taking shape. In later sessions, the speaker conducted many activities to help students build these traits.

In the second unit, the speaker gave us a description of the entire start-up ecosystem. The student-mentor discussion was carried out to discuss the service providers, research

organizations, the start-up development phases, the funding organizations, etc. A discussion giving us the idea about the market types and a detailed explanation about all the four types of markets was carried out. This was followed by the discussion activity in which the mentor asked us to give examples of every market type and also asked us who would be the customers and consumers of that market for the example given by us. He gave us a detailed difference between the customer and the consumer.

Later on, in the third unit, our mentor explained to us the business model, identification of resources, finance requirements, process map, etc. He explained the basics of a business model and the lean-approach. He gave us a detailed description of how business model and business plan is different in their own ways. He explained to us about the lean canvas in detail and how and when it is to be used. This was followed by conducting an activity in which students had to discuss with the mentor how they can design the lean canvas of their certain start-ups and business ideas. The mentor gave us an idea about how we should plan for our business and what and how we should select the products which we can use as a business and start-up idea. He explained to us what are the important aspects we should look at while planning to set up a start-up or a business.

The sessions were very interesting and interactive. Students got answers to all their questions. The conduction of this Audit Course was a great success.

**Report of Seminar on "Introduction to Entrepreneurship Development"**

The Department of Information Technology organized a seminar on "Introduction to Entrepreneurship Development" by Ms. Prachiti Thorat, Alumnae, IT Dept, BVCOEW and Owner of Dehati-All day cafe, on 12<sup>th</sup> Sept, 2022, Monday from 02.00 PM to 03.00 PM for second year IT students. Total 44 students have attended this seminar.

First Prof. Dr. D. A. Godse, HOD, IT welcomed the guest and audience. Then Ms. Trupti Yadav, Student of SE IT gave introduction of speaker. The speaker started with basics of entrepreneurship development. She explained different marketing strategies which are required after becoming entrepreneur. She also explained her journey towards entrepreneur.

Session ends with vote of thanks speech of Ms. Sakshi Deshmukh, Student of SE IT. Session was very interactive. The students have got satisfactory answer for their questions.

The conduction of this EDC event was a grand success.

**Entrepreneurship Development Cell**

**Report of Seminar on Entrepreneurship Development**

Entrepreneurship Development cell organized a seminar on Entrepreneurship Development Which was held for first year students to encourage the new generation about entrepreneurship by explaining its benefits, importance and how it affects the GDP of our country. The seminar was held on 31<sup>st</sup> May 2023 and 1<sup>st</sup> June 2023 in the college. The guests who encouraged and guided were Dr. Anand Godse , practicing Psychologist, a doctorate in Surya Namaskar and an Entrepreneur Transformation Expert at deAsra Foundation , Aishwarya Kulkarni , Program Manager at deAsra Foundation and an entrepreneur and Manisha Tapaswi, a facilitator of experiential learning with 25+ years of experience in HR operations currently engaged with deAsra Foundation to amplify the mission. This informative program was coordinated by Prof. M.S.Kasar and under the guidance of principal sir Prof. Dr. S.R.Patil, and through which students gained a lot of knowledge.

The program started with welcome of respected guests and then introduction of our guests and about their beneficence, endowments and also about their other works by coordinators, Prof.M.S. Kasar. Then it was followed by their felicitation by our Principal Prof.Dr. S.R.Patil. Then Principal sir guided to the students and then it was taken over by our guest Dr. Anand Godse who first asked about what preferred to be an employee or an employer, he encouraged both the opinions but also guided students to an entrepreneur. The students who were interested in becoming an entrepreneur shared their ideas and motives of starting their own small business to which he encouraged them to follow those motives. He also talked about how small business is equally important as the large business for our country not only for their family income but also for society's convenience and comfort. He even told about how even engineers can be entrepreneurs and even shared examples of his friends about how they became successful entrepreneurs from being an engineer.

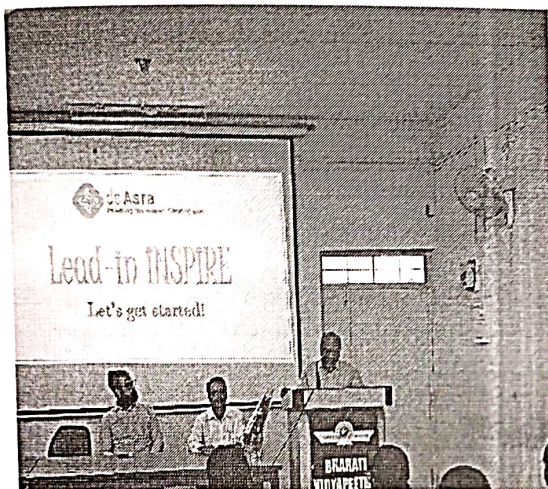

Then he showed us two videos about two entrepreneurs, one was of a woman with a child's clothing brand in which she not only used traditional way of advertisement like pamphlets but she opted for online advertisements like through Facebook, Instagram, etc and it has boosted her business more as compared to the traditional ways. The second video was of a man who started a business of millets in 2012, but his business increase and uplifted due to use social media like WhatsApp, Facebook. They gained many customers through social media than their traditional promotions. Then Dr. Anand Godse sir encouraged online advertisements and promotions are important and useful nowadays as most of the people use social media. Afterwards he took a quiz in which 3 groups were formed of 4 girls and they were given questions regarding entrepreneurship, in which we learned about traditional business and innovative business concepts and also told us how primary, secondary and tertiary business affect the GDP of India and how tertiary has more impact on GDP than the other business category.

After that he discussed about the skills that an entrepreneur needs to inculcate in themselves like problem-solving ability, creativity, innovative ideas, but he also told that entrepreneurs do not always need to have innovative ideas. He even motivated that we all have qualities of becoming an entrepreneur. Then he introduced us about deAsra foundation

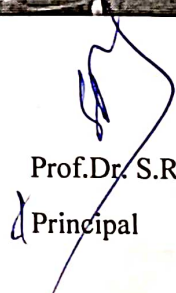

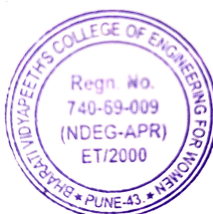

which helps the budding entrepreneurs by guiding them financially and intellectually and about the workshops they conduct to provide ideas on entrepreneurship, these workshops are interactive and encourage new ideas of business. Then the session ended with a quiz in which we were given daily life examples about business.

This seminar gave us a new perspective about business and entrepreneurship. It helped to gain knowledge about how to start a business and how to excel in it with the help of innovative marketing skills and creativity. It also supported and helped many budding entrepreneurs from our college. They also encouraged us that small business is as important and useful as big business. They even interacted with the students and the students even shared their ideas and he further guided them on how to achieve it. This seminar not only guided us about entrepreneurship but also gave immense knowledge and information on business and also about other successful businessmen and businesswomen.

**NOTICE**

Date: 13-11-2022

All the students of SE and TE are hereby informed that a webinar is organized on **“Internship opportunities”** for TE Computer students, by Computer engineering department on **16-11-2022** from 1.00 to 2.00pm. The guest speaker is Mr.Rahul Ahire director of Linkcode Technologies, Pune and has an experience as corporate trainer in various industries.

All should attend the same positively

Link to join the webinar will be shared on what's app group.

**Webinar on "Internship opportunities" for TE Computer**

**Brief Report of Activity**

Internship plays an important part in the the curriculum and helps to improve their technical skills. It also helps them to get exposure to the organizations and their work culture .

A Webinar on "**Internship opportunities**" has been organized by Computer department of Bharati Vidyapeeth's College of Engineering for Women for Third-year and Second –year Computer Engineering students on **16/11/2021**. The guest speaker for the session was Mr. Rahul Ahire. Mr. Rahul Ahire who is the founder of "Link code technologies" and loves to engage in tech communities out of passion.

The program started with the welcome speech and introduction of the speaker. Mr. Rahul Ahire then started his presentation on "**Internship opportunities**". He started the webinar with explaining us the importance of internships, What they do and why they are important . He gave the students a brief about what exactly they are supposed to do while looking for an internship, he also provided them with some extra knowledge about the sources and websites available for internships and many other opportunities. The Webinar was concluded with a sincere vote of thanks by Students. Overall, it was really beneficial as we came to know about the importance of

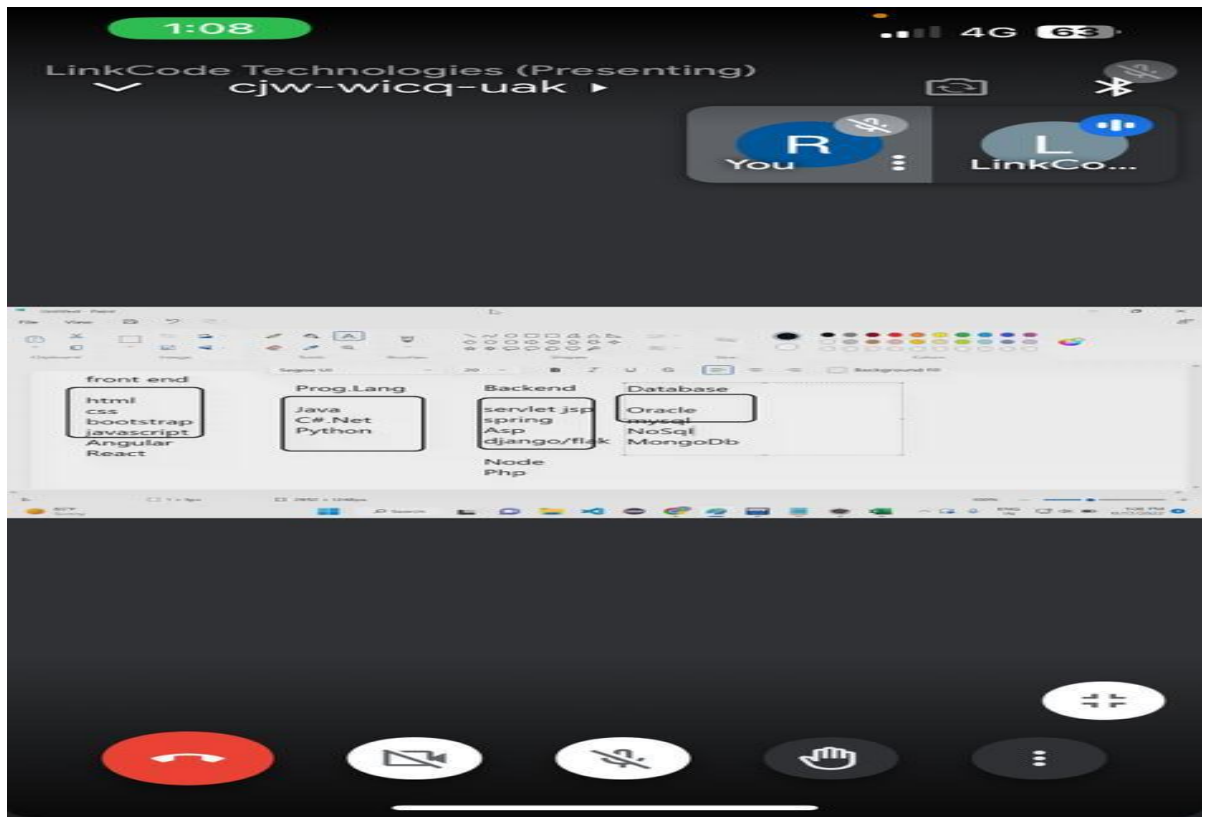

Fig.Mr Rahul Ahire from Linkcode technologis, guiding students about various internship opportunities during a session conducted on 16-11-22

**Department of Computer Engineering**  
**Webinar on Microsoft Cloud and AI Internship**  
**Brief Report of Activity**

A Webinar on “**Microsoft Cloud and AI Internship**” has been organized in Bharati Vidyapeeth's College of Engineering for Women for Third-year Computer Engineering students. The guest speaker for the session was AMOL AHER on 02/11/2022. Mr. Amol Aher is an IT professional having more than 17 years of experience. His domain expertise includes mobile/core banking, legal, finance, tax filing automation and data center management.

The program started with the welcome speech and introduction of the guest speaker. Mr. Amol Aher then started his presentation on “**Microsoft Cloud and AI Internship**”. He started the webinar with explaining us about internships and the importance of completing internships along with the academics during engineering. He also gave us information about achieving good internships and the skills that must be developed. Moreover, the information about how an individual can secure an internship in cloud and AI in a company as reputed as Microsoft can be achieved.

# Bharati Vidyapeeth's College of Engg. for Women, Pune

## Student Development Section

**Academic Year 2022-2023**

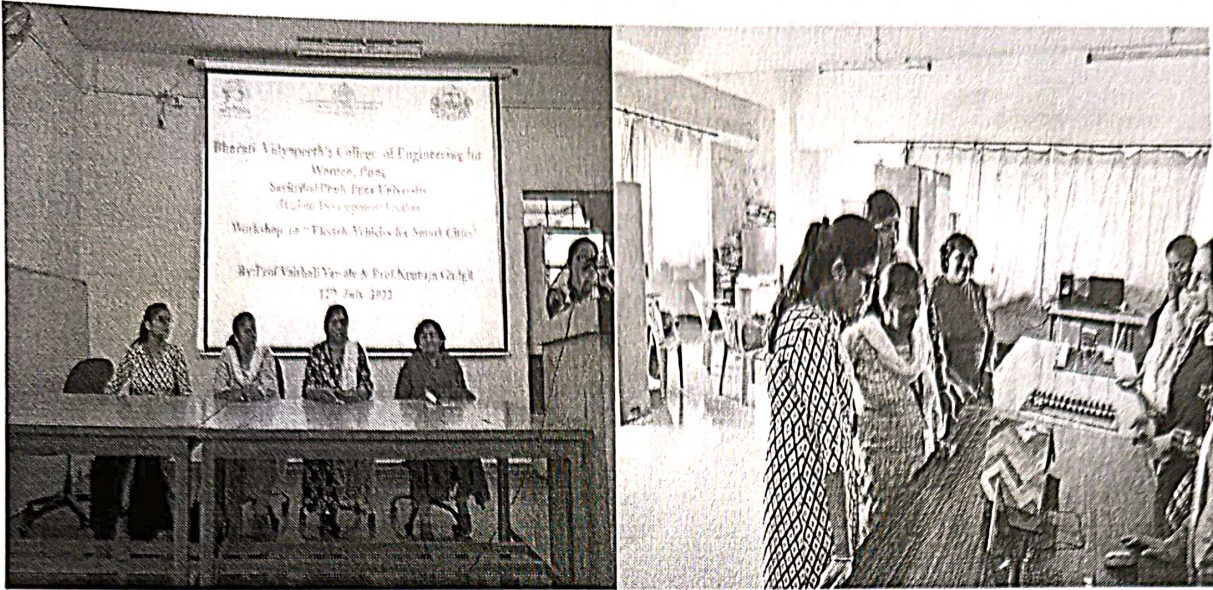

**Report "Workshop on Electric Vehicles for Smart Cities"**

**Date: 12 July 2022**

Student Development Section of Bharati Vidyapeeth's College Of Engineering For Women, Pune had organized a Workshop on **electric vehicles for smart city** by professors Vaishali Yavale and Krutuja Gadgil of AISSMS IOT college.

In the beginning we were briefed about the invention of the 1st electric vehicle invented by Yawale Ma'am, she told us that the 1st electric vehicle was invented in 1834 by Thomas Daveport. She gave the brief history about electric vehicles. There was non chargeable electric car in 1851, there was an invention of Nineteen Minutes per hour In 1859 lead acid storage batteries were invented. In 1874 battery power carriage was invented. In 1900 when 4200 automobiles were sold. In 1920s the electric vehicles disappeared and the ICEV became predominant. Disappearance and resurgence were seen. Electric vehicles were more expensive so they were disappeared. Then further Gadgil Ma'am introduced us with the types of electric vehicles: battery electric vehicles, hybrid electric vehicles, plug in hybrid electric vehicles are the types of electric vehicles. Architecture of electric vehicles: series configuration, Parallel configuration, series parallel configurations are seen in the electric vehicles. Degree of hybridization: Micro hybridization, Mild hybridization, Full hybrid plug in hybrid. Inductive and conductive charging vehicles. Even AC & DC charging are there in Electric vehicles.

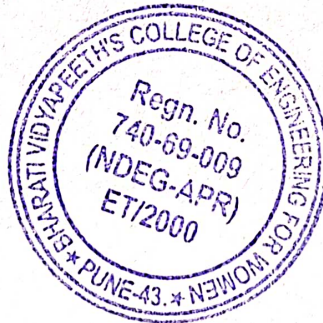

Battery characteristics road map of electric vehicles policy in India was introduced by Gadgil Ma'am. Thereafter she introduced us about their experiment which her students and she prepared. With the help of Scrap bike they made an Electric Vehicle in their college itself. They used lead acid battery, and the top speed of their invented electric bike was 35 km per hour. The electric motor which they used was BLDC 750 watt, the range of pickup was 9.5 km per charging, manufacturing of the invented electric vehicle was around 20000 assumptions of the mass was 170KG. Along with this Gadgil Ma'am also introduced us with some disadvantages about electric vehicles such as when electric vehicle passes by, there is no sound of the vehicle and hence rider does not understand or know someone's passing beside him/her. The battery if destroyed can charge us heavy. Time Span of the electric vehicles are more as we live in India, we are not patient enough to wait for a long time to get our vehicle batteries charged. These are the disadvantages stated, which brought the workshop to the end. Refreshments were served to all students and teachers after the workshop. 4 staff members and 71 students attended the workshop.

**Workshop on Electric Vehicles for Smart cities workshop by Prof.Krutuja Gadgil and Prof.Vaishali Yawale(AISSMS IOIT) on 12 July 2022**

## Bharati Vidyapeeth's College of Engineering for Women, Pune-43

**Avishkar 2022**

### REPORT

As per the guidelines issued by IQAC, SPPU, Pune College level Avishkar is conducted at Our institute.

Prof. Dr. V.K.Bairagi, Professor, AISSMSIOIT, Pune, and Prof. Dr. Archana Ghotkar, Associate Professor, IT Dept. PICT were invited as a expert resource person for E&TC Engg. and Computer / IT projects evaluation. 6 projects are shortlisted from 14 projects for the zonal level.

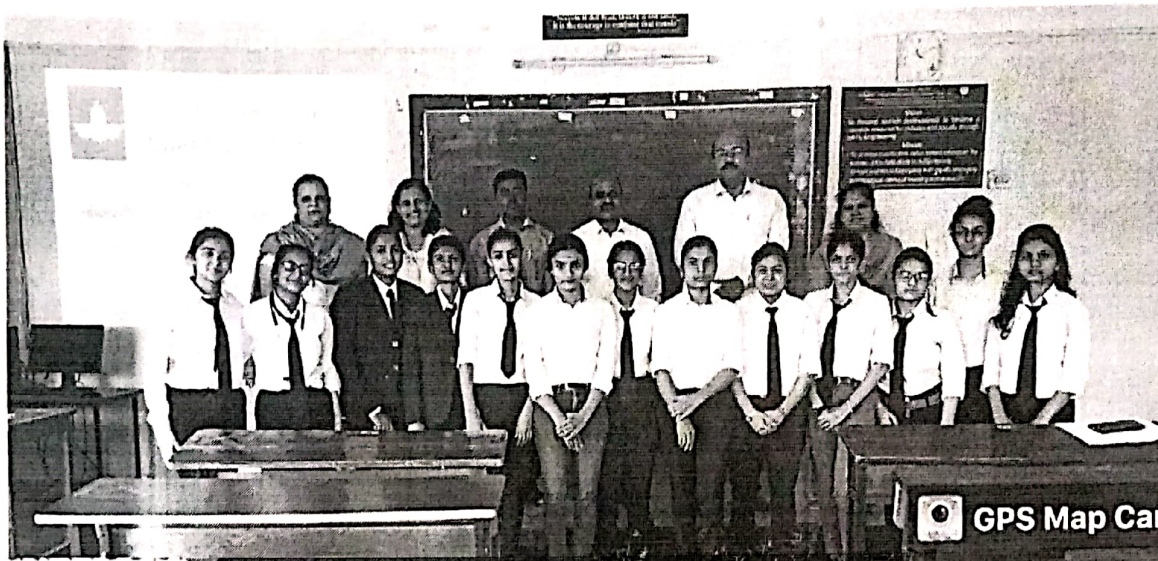

Dr. Bairagi elaborated the importance of Avishkar Participation and delivered brief guideline about do's and don'ts of poster making. Dr. V.R. Pawar ARC coordinated the event in association with Depart Project In-Charge, Prof. Dr. S.A.Dhole, Prof. Dr. Malgi K.A. and Prof. Kulkarni Vinaya.

Prof. Dr. S.R.Patil congratulated the Students and offered best wishes for further Avishkar journey.

**Industrial Internship Program  
for  
Multi Engineering Streams  
to  
Bharati Vidyapeeth's College of Engineering  
for Women**

Ref: Abhiyantha/INT/MECH/BVCOEW/23/15

7<sup>th</sup> February 2023

To,  
The Principal  
Dr.S. R. Patil  
Pune-Satara Road, Pune-411 043

Dear Sir,

Sub: **Online Industrial Internship program on VLSI/IoT/RF/MECH domain**

At the outset, we wish to introduce Entuple Technologies as an organization dedicated to enabling customers with global cutting-edge technology solutions, support, and services.

Abhiyantha, a training arm of Entuple Technologies is focused on bringing cutting-edge technologies from around the world to Indian academia with the thought of bridging the ever-growing gap between the industry and academia. Abhiyantha with its association with technology leaders viz. Ansys, Cadence, OrCAD, and Anritsu including the working relationship with top professors across the world, enable the Indian academic community to not only get access to world-class technology, tools, and development platforms but reinforces it with world-class training and technical support that is essential for easy adoption and progress.

Our Training arm, **ABHIYANTHA** caters to the ever-growing industry skill needs of UG/PG students. We offer an Industry based Internship, Career Builder Training Programs (Classroom-based/Online). Our uniqueness lies in core engineering verticals – **VLSI, IoT, Electronic System Design, RF & Antenna Design, Mechanical & CFD**. Further, in the current age emerging technology domains like **Data Sciences, Machine Learning (ML) & Artificial Intelligence (AI)**.

We hope and trust our proposal is in line with your requirements and look forward to a symbiotic long-standing association with your institute in the years to always come and assure our best attention.

Yours Truly,

Thanks & Regards  
Nithya G

# About Us

Abhiyantha Centre for Advanced Learning in Engineering and Technology was set up to support engineers, freshers and experienced, in preparing them to be industry-ready and enhancing their professional growth.

Abhiyantha is a training arm of Entuple Technologies which is a Next Generation Solution Enabler for Aerospace & Defence, Small & Medium Business, Research & Academia.

# Training Programs : Choose your Future

## Domain

## Programs

### VLSI

- Electronic Circuit Design and Simulation – Digital Focus
- Digital Design and Verification
- Verification using System Verilog
- Fundamentals of UVM
- Synthesis & Timing Analysis
- Physical Design and Verification

### Analog

- Electronic Circuit Design and Simulation – Digital Focus
- CMOS Analog & Digital Fundamentals
- CMOS Analog Circuit & Layout Design
- Analog Layout Design

### IoT

- IoT from Ground up and Powering IoT
- IoT & Cloud
- IoT Analytics & Data Sciences
- Advanced IoT Analytics with Machine Learning

### RF

- Electromagnetic and Simulation using HFSS
- RF Components Modeling and Simulation using HFSS
- Antenna Design & Analysis using HFSS
- Advanced Antenna Design, Fabrication and Testing

### Mech

- Design & FEA Fundamentals for Mechanical Engineers
- Mechanical –FEA Structural Modelling and Simulation I
- Mechanical –FEA Structural Modelling and Simulation II
- Advanced Mechanical– FEA Structural, Modelling, Simulation & Material Characterization

## Key Highlights

Blended learning with live and recorded classes

1:1 Mentorship, doubt resolutions & 24x7 student support

Industry based, cutting edge curriculum

360° immersive approach with EDA tools

Certificate of Completion

Assignments & Capstone Projects

# Student Lifecycle

## Voice of Scholars

**Rishali Dey,**  
MIT Academy of  
Engineering, Pune  
Course taken: RF Internship

Abhiyantha is the ideal place to develop your skills on RF. I gained a lot of practical knowledge with the newest ANSYS version. Anyone interested in beginning a career in RF should take this course.

**Ganga**  
NIE Mysuru  
Course taken: VLSI Design

I had a lovely and memorable training experience at Abhiyantha. My technical knowledge in VLSI Design has improved. I am grateful to all the professors who have helped me in every way.

**Krishna Solanki**  
IIIT Pune  
Course taken: Analog IC

I owe a lot to Abhiyantha for helping me shape my career in Analog IC design. My understanding of tool usage was clear. Additionally, I'd like to join the upcoming events at Abhiyantha to upskill me.

**Bharati Vidyapeeth's College Of Engineering For Women**  
**Department of Electronics & Telecommunication Engineering**

**Institution Of Engineers Student Chapter**

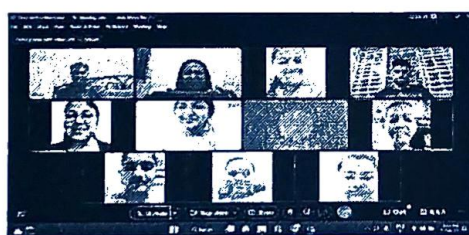

**(TE/411043/BVCOEW)**

**Internship opportunities on VLSI, IOT, and RF**

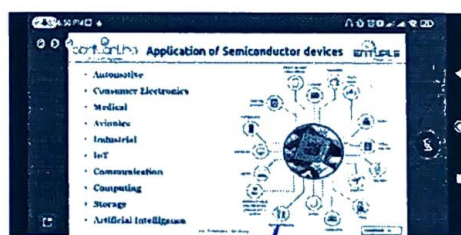

The IEI student's chapter of the E & TC department of Bharati Vidyapeeth's College of Engineering for Women, Pune, organized a webinar on **Internship opportunities on VLSI, IOT, and RF** by Abhiyantha training division of Entuple Technologies on the date, 11th February 2023. This webinar was conducted in online mode.

Ms. Nitya, from Abhiyantha training division of Entuple Technologies, introduced the webinar. It was one of the best webinars organized for TE E&TC. Prof. S. M. Bhilegaonkar, Advisor of the student chapter and Assistant Professor from the E&TC department, arranged this webinar for all the students. Principal Dr. S. R. Patil gave him a very warm welcome to all experts and participants. Ms. Sakshi Shirke delivered a very nice talk on the introduction of the IEI student's chapter. She discussed the key benefits of becoming an IEI student member.

Different experts explained for various topics like the VLSI session between 6:50 pm to 7:20 pm presented by Mr. Nagaraju Mamidi. Mr. Shashi Kumar explained the RF session between 7:20 pm to 7:50 pm. Mr. Vikas Gowda explains the RF session between 7:50 pm to 8:20 pm. All the doubts were entertained and answered patiently by technical experts in a question & answer session between 8:20 pm to 8:45 pm. It was a perfect webinar, and all the students reacted very positively. A large number of students could attend the webinar. Overall it was a particular, to-the-point and informative webinar.

#### **Report on Hands-on Workshop for “Programming in Multilayer Neural Network Model”**

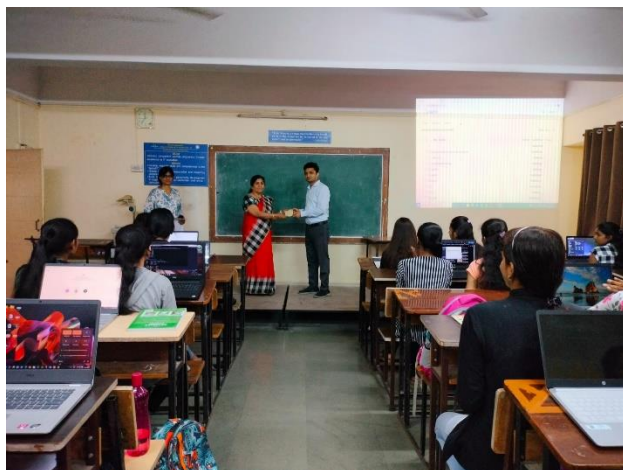

The Department of Information Technology organized a one-day hands-on workshop for “Programming in Multilayer Neural Network Model” as an MOU activity on 17<sup>th</sup> October 2022, Monday from 11.00 AM onwards. The resource person for the workshop was Mr. Yogesh Murumkar, Director and Corporate Trainer of Bharat Soft Solutions Pvt. Ltd. Pune. The workshop was conducted for Third year and Fourth Year IT students. A total of 64 students participated in the event.

The session started with the welcome speech and introduction of the resource person by Dr. Ketaki Malgi, MOU activity Coordinator of this workshop. Prof. Dr. D. A. Godse, Head of Information Technology Dept. greeted Mr. Yogesh Murumkar and addressed the participants. The speaker demonstrated the multilayer perceptron model using TensorFlow, and Keras for object detection and image classification applications using PyCharm IDE. He also explained the use of machine learning and deep learning libraries in Python implemented real-time applications.

The session concluded with a vote of thanks speech by Ms. Trupti Pacharne, Student of Third Year IT. The session was very interactive. All the participants had satisfactory answers to their questions.

#### ***Report of seminar on “Internship Opportunities in current IT Trends”***

***15<sup>th</sup> October 2022***

A seminar on the topic “**Internship Opportunities in Current IT Trends**”, by Mr. Prakash Sharma was held for the students of **TE-IT** on **15<sup>th</sup> October 2022**. 80 students had attended the seminar.

Seminar started with the introduction of the speaker given by Prof. A. D. Khairkar. Then Mr. Prakash Sharma addressed the students and talked about how IT Industry works. He gave brief information about how recruitment drives happen, how they evaluate the candidates, what are the company requirements, how the pay scale is decided, candidate evaluation by clients, etc. Mr. Prakash Sharma gave students three key learnings which are: Always keep learning, be available 24/7, be Subordinate.

Moreover, Mr. Prakash Sharma talked about challenges students face while blending in the IT Industry, what scope we have in foreign sectors and how the IT Industry is evolving compared to last 10 years, what are the new trends, how an employee can be kept on the bench and given a project at any time, how to understand the segregation of your CTC, how to make most of your educational allowances, what are scrum meetings, how the scrum happens.

Mr. Prakash Sharma also told students about the difference between IT and ITES and covered the concept of freelancer as well. He suggested students to keep up with the recent trends in IT.

Seminar was very informative and students learnt a lot about Industry and Internship opportunities and got proper guidance regarding career.

### MOU Event

#### *Report of Seminar on "Current Trends in the Industry"*

*18<sup>th</sup> October 2022, Tuesday*

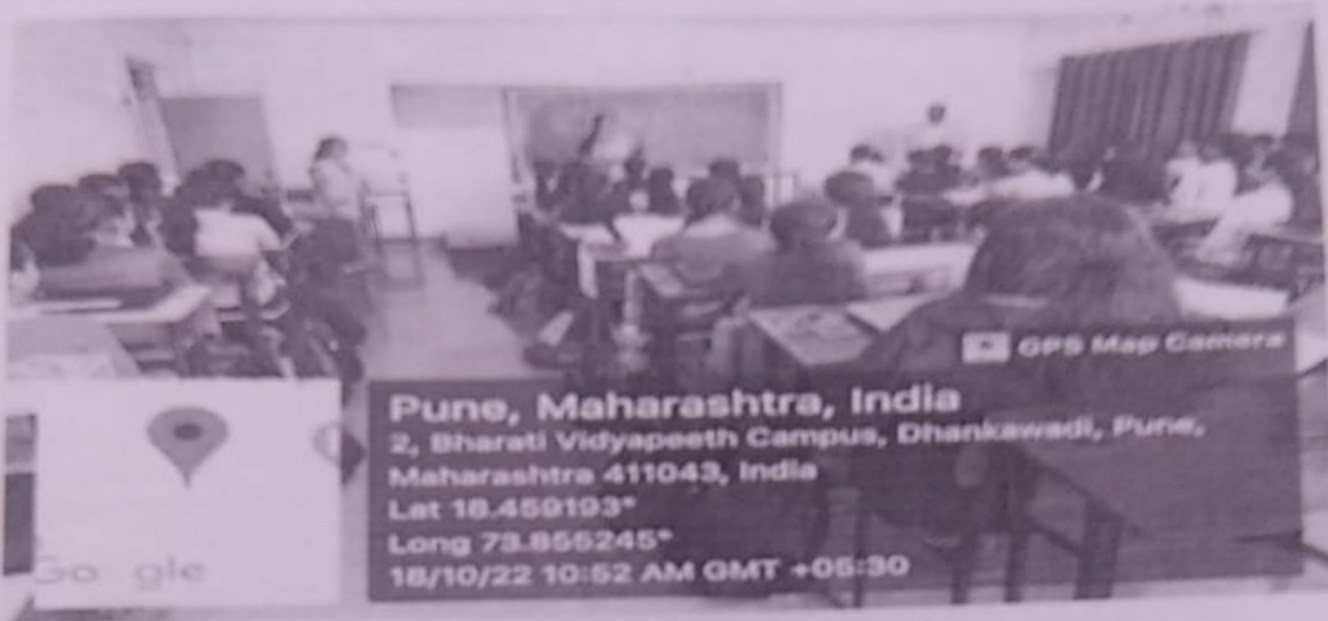

A Seminar on the topic "**Current Trends in the Industry**" by Mr. A.B.Aher was held for the students of **TE-IT** from 10.00 am to 11.30 am on **18<sup>th</sup> October 2022**.

The seminar started with the welcome speech and introduction of the speaker. Seminar started at 10.00am in the Morning. Mr. A.B.Aher addressed the students by telling current trends in Industry. He helped students to understand the importance of Cloud Computing. He told various factors related to Cloud Computing and how it will help students in cracking interviews for various Companies.

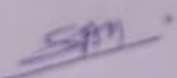

In addition, he gave advice on how to write a resume. He explained to the class how a client is a crucial consideration in a company's hiring process for pupils. Since the client is ultimately going to decide the candidate, he advised students to write resumes that reflect their preferences.

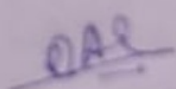

Finally, he advised students to appear more assured during interviews and explained the types of responses the panel was looking for. Additionally, he encouraged students to participate in internships and emphasized the value of doing so in well-known corporations. He cleared doubts of various students in Question – Answer round.

At the end of seminar, vote of thanks was given by one of the student of TE-IT and the seminar ended on happy note.

**Brief Report Workshop on Electric Vehicle (4/03/2023)**

An expressive, inducing, knowledgeable session based on electric vehicles was conducted in our college, on 4<sup>th</sup> march 23. The session was based on the importance of using electric vehicles which is concluded as the most required necessity at today's time. This session was conducted by Mr.Yogesh Mahaparle sir, who's the general manager at Hella Automotive private limited, it is a German oriented company based on the concept of manufacturing and designing of machine parts.

The session was comprehensive, where Mahaparle sir shared his knowledge about and why and how switching on electric vehicles for mode of transportation is important in today's time. Running out of fossil fuels, pollution, global warming, is an important concern, And to

switch on a green, safer option is indeed required. This session was conducted under the guidance of Principal Dr.S.R.Patil sir, along with Vice Principal and HOD Of First Year department Dr.A.M.Pawar sir and Prof.Kalyani Chaudhari ma'am who is the student development head of our Institute. This event was coordinated by Prof.D.P.Chopade and first year staff. Lastly, this was an experience filled with the essence of knowledge, fun, and importance, for a cleaner, safer, and pollution free atmosphere for everyone to live in.
