TE IT A.Y 2023-2024 Sem II
Audit Course

Report of Audit Course on “Leadership and Personality Development”

An audit course on the topic “Leadership and Personality Development” was conducted for the TEIT students by Mr. Abid Patel is a Business Coach and Career consultant from Time Saver Group ,Pune . The course was conducted for 30 Hours from 8th April, 2024, Monday to 29th April, 2024, Monday in the Classroom No. 205.

The program commenced with a warm felicitation of resource person Mr. Abid Patel by Prof. Dr. D. A. Godse, H.O.D.(I.T.), followed by an introduction where Mr. Patel outlined the course activities. He began with a creative icebreaker, encouraging students to introduce themselves uniquely and shared techniques to conquer stage fright through relaxation and practical tricks.

The initial session delved into Personality Development, using an engaging PowerPoint presentation to underscore the essentials of effective communication and personal growth strategies. Subsequent sessions covered vital topics like Time Management Styles, Stress Management, and Goal-setting. Mr. Patel facilitated hands-on activities such as daily routine analysis, helping students identify and optimize their time utilization.

A dedicated session on Leadership Skills explored different leadership levels, the journey to becoming a leader, and diverse leadership styles. Interactive activities and discussions enabled students to grasp leadership traits and their application in real-life scenarios.

In the final sessions, students charted their future goals, leading to lively role-plays where they showcased life skills. Mr. Patel guided discussions, ensuring every student participated and reflected on their growth.

The course concluded with heartfelt thanks to Mr. Abid Patel, highlighting his positive influence on students' personal and professional development. Feedback underscored heightened confidence, improved communication, and a deeper understanding of effective leadership.

Mr. Abid Patel's sessions were pivotal in fostering a supportive learning environment,

nurturing holistic growth and skill enhancement among TE IT students. His interactive approach and practical insights left a lasting impression, equipping students for future success.

Audit course on “Leadership and Personality Development” was conducted for the TEIT students by Mr.Abid Patel from Time Saver Group ,Pune

Audit Course Report

Audit Course: 310259 (C):“Leadership and Personality Development”

Academic Year: 2023-2024 Sem – II, TE Computer

05th March 2024 to 29th April 2024

An audit course on 310259 (C):“Leadership and Personality Development” was organized in Bharati Vidyapeeth’s College of Engineering for Women for Third Year Computer Engineering students. This course was conducted by Mr. Abid Patel, Business Coach & Career Consultant, Pune from 05th March 2024 to 29th April 2024 (total 30 hours duration course). It was conducted in class room no. 207/007

The first session started with the felicitation of Mr. Abid Patel by our H.O.D. Prof. D.D.Pukale sir. During these 30 hrs sessions Mr. Abid Patel taught about various things starting from the many different theories of leadership, to the 5 factor model of personality traits. He discussed about various methods by which one can understand oneself and analyze one’s strengths and weaknesses in a thorough and analytical manner. He carried out various activities for the students including those related to the Johari window and the 6 thinking hats.

The main focus was on various leadership traits, and how to inculcate better professional habits into our routine in order for us to nurture these qualities within us. He emphasized the importance of the ‘Will to Negotiate’ as it is a very important quality that one must possess. He ended the sessions on a very positive and open-ended note wherein he urged the students to understand the difference between being job-oriented and career-oriented and asked them to understand the magic of compounding.

Audit course on “Leadership and Personality Development” for Third Year Computer Engineering students from 05th March 2024 to 29th April 2024.

Notice

Date: 26th August 2023

As the president of India honorable Mr. Narendra Modi has launched the initiative of 'Meri Mati, Mera Desh', under the same, the Savitribai Phule University, National Service Scheme (NSS), and Student Development Cell have decided to conduct various competitions. Under the same initiative, our college is organizing the Essay competition on the 28th of August 2023. The Essay competition will be for 1 hour and will be conducted in the time slot 12:15 to 1:15 pm.

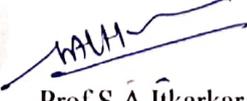

The further details of the Essay competition are given below:

- The Essay must be of maximum 1000 words.
- 1 hour writing time.
- Language: Hindi, English, Marathi.

The topics –

1. Swami Vivekananda's Speech in Chicago
2. Swami Vivekananda's views related to Education
3. Swami Vivekananda's thoughts on Indian women
4. Youth leadership: Swami Vivekananda

Notice

Date: 10-09-23

The Career Guidance Cell is pleased to announce a session on "**Scope of Foreign Languages for Engineering Students,**" open to all students from every branch on 13-09-23. This session will be conducted by experts from **ASAP Language Institute** and will provide valuable insights into the advantages of learning foreign languages for engineering students.

Session Highlights:

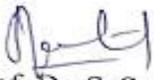

- Importance of foreign languages in the global job market
- Popular languages for engineers (e.g., German, French, Japanese, etc.)
- Career opportunities enhanced by foreign language skills
- Interactive Q&A session with language experts from ASAP Language Institute

All students from all branches interested in enhancing their career prospects through foreign language skills should attend the session. This is an excellent opportunity to understand the role of foreign languages in expanding your career opportunities and to get guidance from experts. Attendance is highly encouraged.

Date: 13th September 2023

Time: 6:00 PM - 7:00 PM (Session link will be shared soon)

Webinar on “Scope of foreign language for engineering students”

Brief Report of Activity

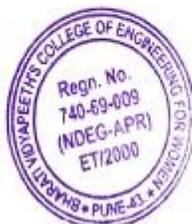

On 13th September 2023, the Career Guidance Cell of Bharati Vidyapeeth's College of Engineering for Women hosted a session titled "**Scope of Foreign Languages for Engineering Students**," conducted by Mr. Anand Bannatkar from ASAP Language Institute. The session was attended by students from all engineering branches and focused on the importance of learning foreign languages to enhance career opportunities in the global engineering market.

Key Points Covered:

- **Importance of Foreign Languages:** The session emphasized how fluency in languages such as German, French, and Japanese can significantly boost employability, especially in multinational corporations and international projects.
- **Career Opportunities:** Discussions included how foreign language skills can open up roles in global companies, international research, and cross-border collaborations.
- **Learning Tips:** Practical advice was provided on how to effectively learn a new language alongside engineering studies.

The session concluded with a Q&A, where students received tailored advice on language learning strategies and the specific benefits of different languages in their respective fields. The event was well-received, with positive feedback from the participants.

Student Development Section

Academic Year 2023-2024

Name of the Activity: Recent Lifestyle and Gynaecological Disorders
Place: Bharati Vidyapeeth's College Of Engineering for women , Pune
In Collaboration with: Student development Section, SPPU
Date: 22st February 2024
Time: 11.00am
No. of Participants:

Dr. Mrudula Khairnar , a renowned expert in gynaecology, conducted a seminar at BVCOEW addressing the pressing issues surrounding recent unhealthy lifestyles and their impact on women's health. The seminar focused on providing insights into maintaining a healthy lifestyle, addressing various sexual disorders, emphasizing the importance of personal hygiene, highlighting the significance of haemoglobin for immunity, and advocating for a balanced diet.

Key Points Covered:

1. ***Unhealthy Lifestyles:*** Dr. Khairnar discussed the detrimental effects of contemporary unhealthy lifestyles on women's health, including stress, sedentary behavior, poor dietary habits, and irregular sleep patterns.
2. ***Improving Lifestyle:*** Practical tips and strategies were provided to help attendees improve their lifestyles, such as incorporating regular exercise, practicing stress management techniques, and establishing healthy eating habits.
3. ***Sexual Disorders:*** Various sexual disorders affecting women were explained, along with their symptoms, causes, and available treatments. Dr. Khairnar emphasized the importance of seeking medical help for any concerning symptoms and breaking the stigma surrounding sexual health discussions.
4. ***Preventive Measures:*** Attendees were educated about preventive measures to reduce the risk of sexual disorders, including practicing safe sex, undergoing regular screenings, and maintaining open communication with healthcare providers.
7. ***Healthy Diet:*** The seminar concluded with a discussion on the importance of a balanced diet in promoting overall health and well-being. Attendees were encouraged to incorporate a variety of nutritious foods into their daily meals to meet their nutritional needs.

Conclusion:

The seminar conducted by Dr. Mrudula Khairnar at BVCOEW provided valuable insights into the impact of unhealthy lifestyles on women's health and offered practical solutions to address these challenges. By raising awareness about sexual disorders, promoting personal hygiene, emphasizing the importance of hemoglobin, and advocating for healthy dietary habits, the seminar aimed to empower women to make informed choices about their health and well-being.

Student Development Section Academic Year 2023-2024

Name of the Activity: Healthcare Checkup
Place: Bharati Vidyapeeth's College of Engineering for Women Pune
In collaboration with: SDO, SPPU
Date: 11th May, 2024
Time: 10:00 am to 1:00pm
No. of Members Participated: 100 Students

Student development section of Bharati Vidyapeeth's College of Engineering for Women, organized Healthcare Checkup at Bharati Vidyapeeth's College of Engineering for Women Pune on 11th May 2024.

The program held was for healthcare checkup. Dr. Aparna Pentela a gynecologist, offered specialized consultations for women's health. Along with her Dr Nopur Dandawate and Dr. Isha Gupta were present for the healthcare checkup. The expertise and dedication of these doctors ensured that each student received personalized and high-quality healthcare.

Department of Gymkhana

21st June, 2023-2024 International Yoga Day Celebration Report

International Yoga Day is observed every year on June 21 to raise awareness about this ancient practice and to celebrate the physical and spiritual prowess that yoga has brought to the world. Yoga is a practice which plays an important role in relaxing the mind and body and boosting people's immune system.

On 21st June 2023, Bharati Vidyapeeth's College of Engineering for Women, Pune celebrated 9th International Yoga Day. It was attended by Principal, Vice Principal, Professors, and teaching, non- teaching staff of the college with great enthusiasm.

The event begins with a brief introduction on Yoga Day by Mrs. Pravina Sheth, Yoga Expert and by welcoming the guest of honour Prof. Dr. S. R. Patil, Principal at *Bharati Vidyapeeth's college of Engineering for Women, Pune*

Mrs. Pravina Sheth had given valuable guidance for this program. She demonstrated how to achieve yoga meditation.

She encouraged Students & staff to practice regular yoga meditation fit and improve concentration.

All Faculties, staff, students were taught the importance of Yoga in their life & how to maintain the harmony between body and mind. The staff discussed the importance of yoga and also exhibited yoga postures and promised to introduce this activity in their daily lives.

International Yoga Day celebrations ended with a huge success under the supervision of the Sports Director, Dr. Gauri Patil.

The function ended with a vote of thanks by Dr. Gauri Patil, Sports Director.

Yoga Meditation session conducted by Mrs. Pravina Sheth, Yoga Expert at BVCOEW on 21st June 2023

Electronics and Telecommunication Students Association (ETSA)

Report “Advanced Data Structure”

Date: 22nd August 2023

A seminar on “Advanced Data Structure” was organized on 22nd August 2023 by Mr.Nagesh Mhetre, Click In Computer Pune for second year students. Principal and Head of E&TC Engg. dept., Prof. Dr. S. R. Patil inaugurated the webinar. He interacted with the students and proudly welcomed the speaker.

The main key-factors of this webinar were highlighted by the speaker Mr. Nagesh Mhetre. The first thing he enlightened us was about the scope of Data structures after degree completion like in core electronics, tele-communication field, software jobs, end user and technical support. It also contained information about types of languages i.e. High level language and low level language along with their instructions, ascending and descending order, Graph, Trees and various examples. Furthermore, it consisted instructions about the steps in program development and how coding play a crucial role. Then, it was followed with detailed classification of data Structure. The session was very informative; all doubts of the students were cleared. The way he conveyed the concepts was very understandable and easy to grasp. Overall, this webinar was productive and gave the students an opportunity to expand their knowledge. The webinar was very interactive and beneficial for students.

seminar on “Advanced Data Structure” by Mr.Nagesh Mhetre, on 22nd August 2023 for SE E&TC students.

Electronics and Telecommunication Students Association (ETSA)

Report “Discovery day AWS cloud workshop”

Date: 25th August 2023

A seminar on “Discovery day AWS cloud workshop” was organized on 25th August 2023 by Mr.Amey Vaidya ,Mr.Pranav Phadke, Brainfloss Pune for Third year students. Principal and Head of E&TC Engg. dept., Prof. Dr. S. R. Patil inaugurated the webinar. He interacted with the students and proudly welcomed the speaker.

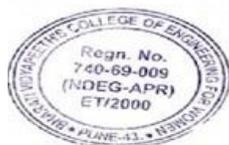

The main key-factors of this webinar were highlighted by the speaker. Mr.Pranav Phadke, Mr.Amey Vaidya The first thing he enlightened us was about the scope of AWS after degree completion like in core electronics, Tele-communication field, software jobs, end user and technical support. He started by explaining us what exactly cloud is and how it is emerging in the industrial sector. Then he explained how exactly database is handled using cloud. It was an interactive session when he asked the students about their knowledge about the cloud. He also shared with us various employment opportunities in cloud. The session concluded by him giving us some idea about the certification courses. The webinar was very interactive and beneficial for students. Total 95 students attended this seminar.

Seminar on “Discovery day AWS cloud workshop” by Mr.Amey Vaidya ,Mr.Pranav Phadke on 25th August 2023 for TE E&TC students.

Electronics and Telecommunication Students Association (ETSA)

Report “Internet of Thing’

Date: 5th October 2023

A seminar on “IoT” was organized on 5th of October 2023 by Prof..S.A.Itkarkar, BVCOEW Pune for Third year students. Principal and Head of E&TC Engg. dept., Prof. Dr. S. R. Patil inaugurated the seminar. He interacted with the students and proudly welcomed the speaker.

The main key-factors of this seminar were highlighted by the speaker Prof..S.A.Itkarkar The first thing he enlightened us was about the scope of IoT after degree completion like in core electronics, Tele-communication field, software jobs, end user and technical support. She started by introducing herself and her work experience in the teaching profession. Then she described the IOT as the network of physical objects “things” that are embedded with sensors, software, and other technologies for the purpose of connecting and exchanging data with other devices and systems over the internet. She further said, “These devices range from ordinary household objects to sophisticated industrial tools. With more than 7 billion connected IoT devices today, experts are expecting this number to grow to 10 billion by 2020 and 22 billion by 2025”. The seminar was very interactive and beneficial for students. Total 82 students have attended this seminar.

Seminar on “IoT” by Mr. Prof.S.A.Itkarkar, on 5th of October 2023 for TE E&TC students.

Report of Seminar on “Internet of Things”

Seminar on “**Internet of Things**” was organized in Bharati Vidyapeeth’s College of Engineering for Women for third - year Computer Engineering students under the CESA. The guest speaker for the session was Prof. S. A. Itkarkar on 5th October 2023. Prof. S. A. Itkarkar Associate Professor in E&TC department at Bharati Vidyapeeth’s College of Engineering for Women. The seminar was conducted successfully. The program started with the welcome speech and introduction of the speaker by Student Miss. Sae Datar.

Prof. S. A. Itkarkar describe the IOT as the network of physical objects “things” that are embedded with sensors, software, and other technologies for the purpose of connecting and exchanging data with other devices and systems over the internet. She further said, “These devices range from ordinary household objects to sophisticated industrial tools. With more than 7 billion connected IoT devices today, experts are expecting this number to grow to 10 billion by 2020 and 22 billion by 2025”.

The overall session was very interactive and informative. Miss. Sae Datar gave vote of thanks to guests and session ended. 50 students were present at the session.

Report of seminar on "Internet Of Things"

4th October 2023

A seminar on the topic "Internet of Things" by the speaker Prof. Mrs. Savita Itkarkar was held for the students of TE on 4th October 2023.

Seminar started with the welcome speech and introduction of the speaker by Miss. Saeed Jamdade, Mrs. Savita Itkarkar ma'am then addressed the students. With the introduction of IOT, the career option in the field of IOT and also about the placement opportunities for the same. She told about the importance of IOT in everyday life by explaining the real time examples.

She gave a detailed explanation about IOT and taught about the same. Some of the topics she taught which are remarkably important are application of IOT, technologies used in IOT.

This session was a great session which was very helpful. Total 64 students from TE IT attended this seminar. Total no of students attended this event are 64.

A seminar on the topic "Internet Of Things" by the speaker Prof. Mrs. Savita Itkarkar was held for the students of TE on 4th October 2023

Electronics and Telecommunication Students Association (ETSA)

Report “IoT Protocol”

Date: 6th October 2023

A seminar on “IoT Protocols” was organized on 6th of October 2023 by Dr.R.R.Itkarkar, AISSMS Pune for Final year students. Principal and Head of E&TC Engg. dept., Prof. Dr. S. R. Patil inaugurated the seminar. He interacted with the students and proudly welcomed the speaker.

The main key-factors of this seminar were highlighted by the speaker Dr.R.R.Itkarkar. The first thing he enlightened us was about the scope of IoT after degree completion like in core electronics, Tele-communication field, software jobs, end user and technical support. She started by introducing herself and her work experience in the teaching profession. Then she started by introducing the recent protocols in IOT. Then talked about IEEE 802.11, which can be considered as a technology found in a wide range of consumer electronic devices and used in heterogeneous scenarios. IEEE 802.11 ah design was based on the following 1) Backhaul aggregation. 2) Smart sensors and meters. 3) Extended range hotspot and cellular offloading. Then she discussed layers i.e Physical layer /MAC layer in IOT. The PHY layer defines the physical and electrical characteristics of the network. It is responsible for managing the hardware that modulates and demodulates the RF bits. The MAC layer is responsible for sending and receiving RF frames. First IoT protocol discussed was Wireless HART that stands for wireless Highway Addressable Remote Transducer. It is a wireless network communications protocol developed for process automation applications. Components of a wireless HART network are field devices, gateway and. The seminar was very interactive and beneficial for students. Total 130 students attended this seminar.

Seminar on “IoT Protocols” by Mr. Dr.R.R.Itkarkar, on 6th of October 2023 for BE E&TC students.

Report “Cloud Computing Applications, Job Market and Business Opportunities”

Date: 19th October 2023

A seminar on “Cloud Computing Applications, Job Market and Business Opportunities” was organized on 19th October 2023 by Mr.Mubeen Shaikh for Final year students. Principal and Head of E&TC Engg. dept. Prof. Dr. S. R. Patil inaugurated the seminar. He interacted with the students and proudly welcomed the speaker.

The main key-factors of this webinar were highlighted by the speaker. Mr.Mubeen Shaikh. He started by introducing himself and about his work experience. The presentation discusses various aspects of cloud computing and its related technologies. It starts by explaining the concept of containers, which are software collections that virtualize the operating system and enable it to run anywhere. The presentation then highlights the trend of pay-as-you-go and pay-for-use computing models in serverless computing, which has made cloud infrastructure solutions faster and more efficient. It also mentions the benefits of a microservice architecture in breaking down monolithic apps into smaller modules. The roles of developers and operations teams in DevOps are briefly explained. The presentation touches upon the use of cloud computing in AI/ML applications and the optimization technique of edge computing. It also mentions Kubernetes as an open-source platform for managing applications and workloads. The challenges of data security in cloud computing are addressed in the concept of DevSecOps. The presentation concludes with a slide on Ironalytics Cloud Architecture and a slide on certifications. Total 134 students have attended this seminar,

Report “Cyber Security”

Date: 9th Feb 2024

A seminar on “Cyber Security” was organized on 09/02/2024 by Mr. Manish Singh for second year students. Principal and Head of E&TC Engg. dept. Prof. Dr. S. R. Patil inaugurated the seminar. He interacted with the students and proudly welcomed the speaker.

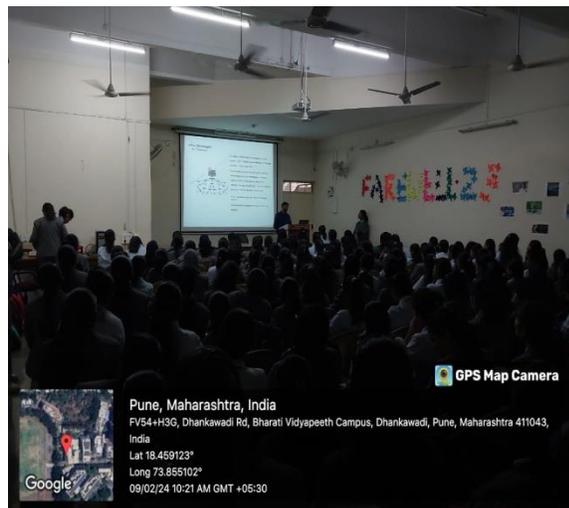

The main key-factors of this webinar were highlighted by the speaker. Mr. Manish Singh commenced the seminar by highlighting the escalating threats posed by cyber attacks in various sectors, including government, finance, healthcare, and education. He emphasized the critical need for robust cyber security measures to safeguard sensitive data and infrastructure from malicious actors.

Understanding Cyber Threats: Mr. Singh elucidated on the different types of cyber threats such as malware, phishing, ransomware, and DDoS attacks. He provided real-world examples to illustrate the devastating consequences of these attacks on businesses and individuals.

Importance of Cyber Security: The speaker stressed the significance of implementing proactive cyber security measures rather than reactive approaches. He underscored that investing in cyber security not only protects organizations from financial losses but also preserves their reputation and customer trust. Mr. Singh shared valuable insights into best practices for enhancing cyber security posture. He discussed the importance of regular software updates, strong password management, encryption techniques, and employee training programs to mitigate security risks effectively. The presenter also shed light on emerging technologies such as artificial intelligence (AI), Internet of Things (IoT), and blockchain, and their implications for cyber security. He warned about the potential vulnerabilities associated with these technologies and advocated for proactive risk management strategies. Mr. Manish Singh concluded the seminar by highlighting the promising career opportunities in the field of cyber security. He encouraged students to pursue further education and certifications to become adept professionals in the domain.

, Mr. Singh engaged the audience in an interactive Q&A session. Students actively participated by asking insightful questions regarding specific cyber security concerns and seeking advice on career paths in the field. In conclusion, the cyber security seminar conducted by Mr. Manish Singh proved to be highly informative and insightful for the second-year engineering students of Bharati Vidyapeeth's College of Engineering for Women. The seminar not only raised awareness about the importance of cyber security but also inspired students to consider pursuing careers in this dynamic and rewarding field.

Overall, the seminar served as a valuable learning experience and underscored the imperative of prioritizing cyber security in today's interconnected digital landscape. Total 106 students have attended this seminar.

Seminar on “Cyber Security” by Mr. Manish Singh, on 9 February 2024 for SE E&TC students

Electronics and Telecommunication Students Association (ETSA)

Report “Semiconductor Technology”

Date: 13th March 2024

A seminar on “Semiconductor Technology” was organized on 13/03/2024 by Prof. Dr. R. B. Ghongade for Final year students. Principal Prof.Dr.P.V.Jadhav inaugurated the seminar. He interacted with the students and proudly welcomed the speaker.

The main key-factors of this webinar were highlighted by the speaker. Prof. Dr. R.B. Ghongade he started by introducing herself and about her work experience. On March 13th, three semiconductor facilities were inaugurated in India by Prime Minister Narendra Modi. These facilities mark a significant step towards boosting India's semiconductor manufacturing capabilities. The facilities are expected to contribute to the growth of the electronics industry in India, promote innovation, and create employment opportunities in the semiconductor sector. The establishment of these semiconductor facilities aligns with the government's vision of making India a global hub for electronics manufacturing. It highlights the commitment to developing a self-reliant and technologically advanced ecosystem in the country.

These facilities will play a crucial role in reducing India's dependence on imports of semiconductors and related components. By fostering domestic semiconductor manufacturing, India aims to enhance its position in the global supply chain and strengthen its digital infrastructure.

The opening of these semiconductor facilities signifies a significant milestone in India's journey towards becoming a leading player in the semiconductor industry. It showcases the government's dedication to fostering technological innovation and creating a favorable environment for investment in the electronics sector.

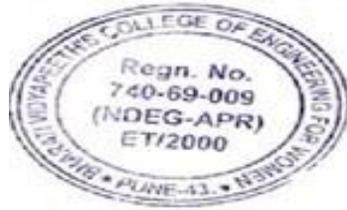

The opening of the 3 semiconductor facilities in India is great news for our economy. It will boost the electronics manufacturing sector, create job opportunities, and reduce our dependency on imports. Total 87 students have attended this seminar,

Seminar on “Semiconductor Technology” by Dr. R. B. Ghongade on 13th March 2024 for BE E&TC students.

CESA Event

Report of Seminar on “IPR Awareness Program”

Seminar on “IPR Awareness Program” was organized in Bharati Vidyapeeth’s College of Engineering for Women for Third - year Computer Engineering students association with CESA. The guest speaker for the session was Prof. Dr. Sunita Dhotre on 28th July 2023. Prof. Dr. Sunita Dhotre working as Associate Professor of department in Computer Engineering Department in Bharati Vidyapeeth’s Deemed University. Prof. D. D. Pukale felicitated to Prof. Dr. Sunita Dhotre. The seminar was conducted successfully in valuable presence of Prof. D. D. Pukale and Prof. Kiran Yesugade. The program started with the welcome speech and introduction of the speaker by Miss. Khushi Padhar.

The seminar was about IPR means Intellectual Property Rights. This session was about NIPAM. NIPAM stands for National Intellectual Property Awareness Mission. This was about to create awareness among students about intellectual properties. She explained us about Copyrights, Patents, Design, Trade Marks, Geographical Indication. she gave information related to business, how we can innovate new ideas and we can register so that no one takes our idea. After the session she was conducting a quiz and it was very interesting.

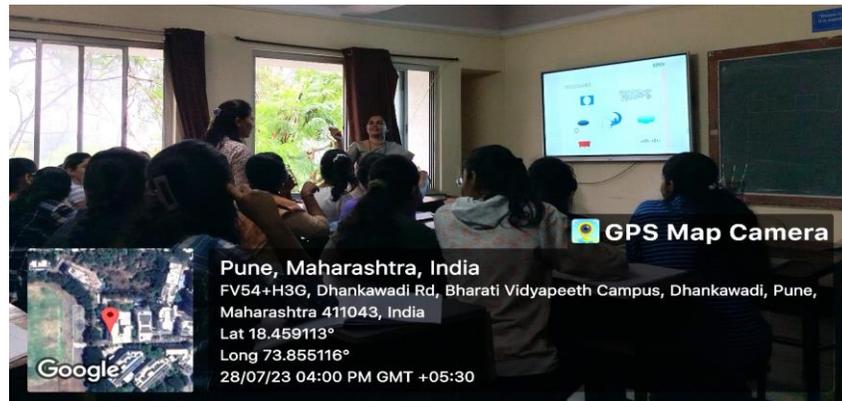

The session was very informative; it was knowledge other than academics. In this seminar 72 students are present. The session was very interactive; students were very enthusiastic. At the end, Miss. Khushi Padhar gave vote of thanks.

Report of Seminar on “AWS Discovery Day”

A seminar on "AWS Discovery Day" was organized in Bharati Vidyapeeth's College of Engineering for Women for third-year Computer Engineering students under CESA. The guest speakers for the session were Mr. Pranav Phadke, who is a director of BrainFloss, on August 21, 2023, and his colleague, Mr. Ameya Vaidya. The seminar was conducted successfully in the valuable presence of Prof. S. T. Khot, Training Cell Coordinator, Prof. K.S. Sawant of the Computer Department, and Prof. S.A. Sagar of the IT Department. The program started with the welcome speech and introduction of the speaker by Miss. Sae Jamdade from TE Comp.

The seminar was about AWS (Amazon Web Services). This session was especially about cloud computing. The speaker gave us information about AWS cloud practitioners, cloud computing components, the benefits of AWS, data centers, and various other services provided by AWS. He also talked about what AWS storage, compute, and database are and how they are different from other databases. Mr. Pranav did a small knowledge check, which made the session interactive. At the end of the session, Mr. Ameya shared his career journey.

The session was very informative; we got to know how different things work and how they are used. The session was interactive, and students were enthusiastic. In this seminar 57 students were present. At the end, Miss. Charul Jagtap from TE gave a vote of thanks.

Report of Seminar on “Advanced Data Structure”

A seminar on "Advanced Data Structure" was organized by CESA for Second-year Computer Engineering students at Bharati Vidyapeeth's College of Engineering for Women. On August 23, 2023, the session's special guest speaker was Prof. Nagesh Mhetre. The lecture went well and we gained knowledge of data structures.

In this session, Sir covered data structures. One of the Data Structure lessons he taught was sorting. There are various sorting techniques, such as the Bubble, Merge, and Insertion sorts. Due to time restrictions, he could only cover one topic—sorting—but he did so in a very straightforward manner. At the conclusion of the lecture, he also answered all of the student questions regarding coding.

The student learned about data structures that will be useful in academics. In this seminar 58 students were present. The session was very interactive students were very enthusiastic.

Report of Seminar on “Machine Learning”

A seminar on "Machine Learning" was organized by CESA for Second-Year Computer Engineering students at Bharati Vidyapeeth's College of Engineering for Women. On September 8, 2023, Prof. Pranoti Kale Mam delivered the session's keynote address. The session was successfully held, and we learned about machine learning.

Ma'am defined machine learning in detail throughout this presentation. She provided a ton of examples that were relevant to everyday life and helped us understand machine learning. She defined machine learning's pre-processing, processing, and database terms.

The discussion was highly educational. The student learned information about data structures that will be useful in their future careers. In this seminar 53 students are present. The session was very interactive and the students were very motivated.

Report of Seminar on “Grooming Program on Cyber Security as per the Industry Standards”

A seminar on " **Grooming Program on Cyber Security as per the Industry Standards** " was organized in Bharati Vidyapeeth's College of Engineering for Women for Second-year Computer Engineering students under CESA. The guest speaker for the session was Mr. Manish Singh who is Manager-Services Sales Inflow Technologies PVT LTD, on 09/02/2024.

The main key-factors of this webinar were highlighted by the speaker. Mr. Manish Singh commenced the seminar by highlighting the escalating threats posed by cyber-attacks in various sectors, including government, finance, healthcare, and education. He emphasized the critical need for robust cyber security measures to safeguard sensitive data and infrastructure from malicious actors.

Understanding Cyber Threats: Mr. Singh elucidated on the different types of cyber threats such as malware, phishing, ransomware, and DDoS attacks. He provided real-world examples to illustrate the devastating consequences of these attacks on businesses and individuals.

Importance of Cyber Security: The speaker stressed the significance of implementing proactive cyber security measures rather than reactive approaches. He underscored that investing in cyber security not only protects organizations from financial losses but also preserves their reputation and customer trust. Mr. Singh shared valuable insights into best practices for enhancing cyber security posture. He discussed the importance of regular software updates, strong password management, encryption techniques, and employee training programs to mitigate security risks effectively. The presenter also shed light on emerging technologies such as artificial intelligence (AI), Internet of Things (IoT), and blockchain, and their implications for cyber security. He warned about the

potential vulnerabilities associated with these technologies and advocated for proactive risk management strategies.: Mr. Manish Singh concluded the seminar by highlighting the promising career opportunities in the field of cyber security. He encouraged students to pursue further education and certifications to become adept professionals in the domain.

, Mr. Singh engaged the audience in an interactive Q&A session. Students actively participated by asking insightful questions regarding specific cyber security concerns and seeking advice on career paths in the field. In conclusion, the cyber security seminar conducted by Mr. Manish Singh proved to be highly informative and insightful for the second-year engineering students of Bharati Vidyapeeth's College of Engineering for Women. The seminar not only raised awareness about the importance of cyber security but also inspired students to consider pursuing careers in this dynamic and rewarding field.

Overall, the seminar served as a valuable learning experience and underscored the imperative of prioritizing cyber security in today's interconnected digital landscape. In this seminar 74 students were present.

9" February 2024

A seminar on the topic "Grooming Program On Cyber Security As per the Industry Standards". by Mr.Manish Singh was held for the students of TE-IT on 9 February 2024

Seminar started with the introduction of the speaker. Then Mr.Manish Singh addressed the students by a brief introduction to the importance of cyber security in today's digital landscape Emphasis was placed on the increasing demand for skilled professionals in the field and the diverse career opportunities available.

Moreover, Mr Manish Singh provided an in-depth overview of the fundamentals of cyber security, covering topics such as cyber threats, vulnerabilities, and risk management. He elucidated the importance of establishing robust security measures to safeguard digital assets

The program played a pivotal role in enhancing awareness and fostering interest in cyber security among the participants

No. of students Attended the workshop:-50.

Report of workshop on "Discovery Day AWS Cloud Workshop"

21st August 2023

A workshop on the topic "Discovery Day AWS Cloud Workshop" by the speaker Mr. Pranav Phadke and Mr. Amey Vaidya was held for the students of TE-IT and TE-Comp. on 21st August 2023.

Workshop started with the welcome speech and introduction of the speaker by Miss.Saee Jamdade. Mr. Pranav Phadke then addressed the student. With the introduction of AWS Cloud, the career option in the field of AWS Cloud and also explained the basic and important concepts of Cloud. Further the session was handed over to Mr. Amey Vaidya. He told about the placement opportunities and also shared his experience on working with AWS cloud. Total no of students attended this event are 50.

This session helped us so much to learn about basics of Cloud Computing and got knowledge about career in cloud computing.

A workshop on the topic "Discovery Day AWS Cloud Workshop" by the speaker Mr. Pranav Phadke and Mr. Amey Vaidya was held for the students of TE-IT and TE-Comp. on 21st August 2023.

Report of Seminar on "DATA STRUCTURES"

23rd AUGUST 2023

A seminar on the topic Data structures by the speaker Mr. Nagesh Mhetre was held for the students of SE-IT on 23rd August 2023.

Seminar started with the welcome speech and introduction of the speaker by Miss. Saeed Datar, Mr. Nagesh Mhetre Sir then addressed the students. With the introduction of Data Structure, the career option in the field of DS and also about the placement opportunities for the same. He told about the importance of C++ programming in these fields as C++ provides the ease for data structures.

He gave a detailed analysis about sorting and searching and taught about the same. Some of the topics he taught which are remarkably important are bubble sort, insertion sort, shell sort, selection sort, merge sort also about sequential and linear search.

This session was a great session which was very helpful. Total no of students attended this event are 53.

Report on Session of "Introduction to Machine Learning"

7th September 2023

A session conducted by Professor Ashwini Khairkar on 'Introduction to Machine Learning' on 7th September, was very informative. It was really helpful for current IT industrial scenario.

Firstly, Khairkar Mam explained 'What is Machine Learning and why is it Important?' with the help of numerous examples she explained us working and basic principle of Machine learning. She introduced us to the vast scope of Machine Learning. She also discussed real-world applications of Machine Learning such as in medical field to predict diseases and personalize treatments. Also, she told how Machine Learning is useful in stock market predictions. We got to know that it's an exciting field with endless possibilities!

Overall, it was a valuable learning experience that provided a solid foundation in the field of ML. Total 50 students from SE IT attended this seminar. Total no of students attended this event are 50.

Report of Seminar on “Introduction to Context free Grammer and Languages”

The Department of Information Technology organized a Seminar on “Introduction to Context free Grammer and Languages” by Ms. Yogita Khalate, Ms. Ghanishtha Rane, Ms. Samta Bora, Ms. Sneha Salunke, Students of BE IT, Bharati Vidyapeeth’s College of Engineering for Women, Pune, on Wednesday, 18th Oct, 2023 from 09:00 M to 11:30 AM in classroom 205 for TE IT students. Total 49 Students attended this seminar.

The program started with a welcome speech and the introduction of the students who are conducting seminar by Prof. A. V. Kanade. The students, Ms. Yogita Khalate, Ms. Ghanishtha Rane, Ms. Samta Bora, Ms. Sneha Salunke then took over and gave a brief introduction about Introduction to Context free Grammer and Languages. They also explained Grammar concepts in theory of computation, Derivations, Chomsky normal form, regular grammar, Left and Right Linear Grammar.

The session ended with a Vote of Thanks speech by a Third Year student Ms. Vaishnavi Waykaskar.

The session was very interesting and interactive. Students got answers to all their questions. The conduction of this ACM event was a great success.

Report “Cyber Security”

Date: 9th Feb 2024

A seminar on “Cyber Security” was organized on 09/02/2024 by Mr. Manish Singh for Third year students. Principal and Head of E&TC Engg. dept. Prof. Dr. S. R. Patil inaugurated the seminar. He interacted with the students and proudly welcomed the speaker.

The main key-factors of this webinar were highlighted by the speaker. Mr. Manish Singh commenced the seminar by highlighting the escalating threats posed by cyber attacks in various sectors, including government, finance, healthcare, and education. He emphasized the critical need for robust cyber security measures to safeguard sensitive data and infrastructure from malicious actors.

Understanding Cyber Threats: Mr. Singh elucidated on the different types of cyber threats such as malware, phishing, ransomware, and DDoS attacks. He provided real-world examples to illustrate the devastating consequences of these attacks on businesses and individuals.

Importance of Cyber Security: The speaker stressed the significance of implementing proactive cyber security measures rather than reactive approaches. He underscored that investing in cyber security not only protects organizations from financial losses but also preserves their reputation and customer trust. Mr. Singh shared valuable insights into best practices for enhancing cyber security posture. He discussed the importance of regular software updates, strong password management, encryption techniques, and employee training programs to mitigate security risks effectively. The presenter also shed light on emerging technologies such as artificial intelligence (AI), Internet of Things (IoT), and blockchain, and their implications for cyber security. He warned about the potential vulnerabilities associated with these technologies and advocated for proactive risk management strategies. Mr. Manish Singh concluded the seminar by highlighting the promising career opportunities in the field of cyber security. He encouraged students to pursue further education and certifications to become adept professionals in the domain.

, Mr. Singh engaged the audience in an interactive Q&A session. Students actively participated by asking insightful questions regarding specific cyber security concerns and seeking advice on career paths in the field. In conclusion, the cyber security seminar conducted by Mr. Manish Singh proved to be highly informative and insightful for the second-year engineering students of Bharati Vidyapeeth's College of Engineering for Women. The seminar not only raised awareness about the importance of cyber security but also inspired students to consider pursuing careers in this dynamic and rewarding field.

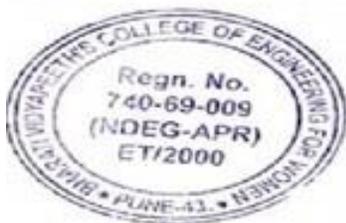

Overall, the seminar served as a valuable learning experience and underscored the imperative of prioritizing cyber security in today's interconnected digital landscape. Total 65 students have attended this seminar.
