Career Guidance Cell AY 2023-24

Notice

Date: 24-08-23

The Career Guidance Cell is pleased to announce a session on "**How to Prepare for GATE examination**," specifically designed for TE and BE students of all branches. This session will be conducted by **Mr. Arjun Chabra** from ACE Academy, an expert in GATE preparation.

Session Highlights:

- Comprehensive overview of the GATE exam structure and syllabus
- Effective strategies for GATE preparation
- Tips on time management and study planning
- Important resources and practice materials
- Q&A session with Mr. Arjun Chabra

All TE and BE students from every branch who are planning to appear for the GATE exam.

This session is a valuable opportunity to gain expert guidance on how to effectively prepare for GATE. Attendance is highly encouraged.

Date: 26th August 2023

Time: 9:00 AM - 10:00 AM

Career Guidance Cell

Webinar on “How to Prepare for GATE Examination”

Brief Report of Activity

On 26th August 2023, the Career Guidance Cell of Bharati Vidyapeeth's College of Engineering for Women organized an informative session titled "**How to Prepare for GATE**," specifically aimed at TE and BE students from all branches. The session was conducted by **Mr.Arjun Chabra** from ACE Academy from Imperial Institutes, an expert in GATE exam preparation.

Points Covered:

- Understanding the GATE Exam:**

Mr. Chabra provided a detailed overview of the GATE exam structure, including the types of questions, marking scheme, and the importance of understanding the syllabus thoroughly. He emphasized the significance of starting early and staying consistent in preparation.

- Effective Preparation Strategies:**

The session focused on various strategies for GATE preparation, such as time management, prioritizing high-weightage topics, and practicing with previous years' question papers. Mr. Gugle highlighted the importance of creating a study plan tailored to individual strengths and weaknesses.

- Resource Recommendations:**

Mr. Gugle recommended essential books, online resources, and practice tests that are crucial for effective GATE preparation. He also suggested making use of online platforms for regular mock tests and self-assessment.

- Motivation and Focus:**

The session included tips on maintaining motivation throughout the preparation period. Mr. Gugle shared personal experiences and success stories to inspire students to stay focused and committed to their goals.

- Q&A Session:**

The session concluded with an interactive Q&A, where students asked specific questions related to their preparation challenges. Mr. Gugle provided personalized advice,

Career Guidance Cell

Webinar on “How to prepare for Competitive Exams” Brief Report of Activity

On 23rd September 2023, the Career Guidance Cell of Bharati Vidyapeeth's College of Engineering for Women organized a session titled "How to Prepare for Competitive Exams," conducted by experts from Unique Academy. The session aimed to equip students from all branches with effective strategies and tips for preparing for various competitive exams, including GATE, GRE, CAT, UPSC, and others.

The session commenced at 11:00 AM with a welcome address by the Career Guidance Cell, followed by an introduction of the experts from Unique Academy. The speakers provided a comprehensive overview of the competitive exam landscape, explaining the significance of these exams for engineering students aspiring to pursue higher studies or secure prestigious government and private sector jobs.

Key Highlights of the Session:

- **Understanding Competitive Exams:**
The speakers provided insights into the different types of competitive exams relevant to engineering students, including their structures, syllabus, and scoring patterns. They also emphasized the importance of selecting the right exam based on individual career goals.
- **Effective Preparation Strategies:**
Unique Academy experts shared proven strategies for successful exam preparation, such as time management, setting realistic goals, and developing a study plan. They highlighted the importance of understanding exam patterns, practicing past papers, and focusing on key topics.
- **Resource Recommendations:**
The session included suggestions for books, online courses, and other resources that can aid in effective preparation. The speakers also stressed the importance of staying updated with current affairs, especially for exams like UPSC.
- **Motivation and Discipline:**
The importance of maintaining motivation and discipline throughout the preparation period was discussed. The speakers provided tips on how to stay focused and avoid burnout, including the role of regular breaks and maintaining a healthy study-life balance.

- Q&A

Session:

The session concluded with an interactive Q&A session where students asked specific questions about their exam preparation challenges. The experts provided personalized advice, addressing concerns about time management, exam anxiety, and choosing the right resources.

The session was well-received by the students, who appreciated the practical advice and insights provided by the experts from Unique Academy. The information shared during the session was valuable in helping students plan their preparation for competitive exams more effectively.

Notice

Date: 24-09-23

The Career Guidance Cell is pleased to announce a session on "**How to Crack GATE exam in first attempt**," specifically designed for TE and BE students of all branches. This session will be conducted by **Mr.Paresh Gugle** from Imperial Institutes, an expert in GATE preparation.

Session Highlights:

- Detailed overview of the GATE exam structure and syllabus
- Effective strategies for GATE preparation
- Tips on time management and study planning
- Important resources and practice materials

All TE and BE students from every branch should attend the same. This session is a valuable opportunity to gain expert guidance on how to effectively prepare for GATE. Attendance is highly encouraged.

Date: 27th September 2023

Time: 9:00 AM - 10:00 AM (Meeting link will be shared soon)

AY 2023-24

Webinar on “How to Crack GATE exam in first attempt”

Brief Report of Activity

On 27th September 2023, the Career Guidance Cell of Bharati Vidyapeeth's College of Engineering for Women organized an informative session titled "**How to Crack GATE exam in first attempt**," specifically aimed at TE and BE students from all branches. The session was conducted by **Mr. Paresh Gugle** from Imperial Institutes, an expert in GATE exam preparation. He has more than 17 years of experience in training and mentoring students who want to pursue higher education abroad.

The session has started at 11:00 pm with greetings from **Paresh Gugale** sir, followed by a short introduction of the webinar and the speaker **Paresh Gugale** sir. As the webinar was about importance of GATE, he first explained the agenda for the session and then started with the webinar. With the help of some graphical interpretation, he told us various course options, admission criteria, GATE exam and the scholarships. Then in the continuation we got to know that how pursuing Masters will help us. Jamboree provides mentoring for GATE preparation, they help with University Admission Counselling and provide end to end services like profile building, shortlisting, documentation assistance, interview training, complimentary visa and so on. He then showed a few students who successfully got in top universities with their guidance.

In the end, he answered the questions asked by some of the attendees wished us luck for our future endeavours. One of the students presented vote of thanks and the webinar ended. The session concluded with an interactive Q&A, where students asked specific questions related to their preparation challenges. Mr. Gugle provided personalized advice, addressing concerns about balancing GATE preparation with regular academic studies and managing exam stress.

The session was well-received by the students, who appreciated the practical advice and insights provided by Mr. Paresh Gugle. The information shared was valuable in helping students structure their GATE preparation effectively. The Career Guidance Cell received positive feedback, with many students expressing confidence in their ability to prepare for the GATE exam after attending the session.

AY 2023-24

**Webinar on “How to prepare for GATE 2024 examination”
Brief Report of Activity**

Webinar on “How to prepare for GATE 2024 examination” was organized in Bharati Vidyapeeth College of Engineering for women for SE, TE and BE by Career Guidance Cell on 2nd February, 2024 at 10 am.. The resource person of the webinar was Mr. Arjun Chabra, an esteemed member at ACE Engineering Academy. He is an esteemed faculty member at ACE Engineering Academy and a motivational speaker. He has qualified GATE 5 times and holds 6+ years of GATE/ESE/PSU teaching experience. Mr. Chhabra has completed MTech. In Structural Engineering from prestigious institution DTU.

The webinar started by 10:15am by a brief introduction about the guest speaker given by Prajakta Rupnavar. Then Mr. Arjun Chabra sir, started the webinar by giving key insights about the GATE exam and the weightage of each section in the exam. He explained the structure of the paper and all the key details about it. He then explained the different types of GATE that a student can give. He also explained the sectional cutoff and syllabus of the paper as well as the further educational and career opportunities for students after giving GATE.

After giving us a good knowledge the GATE paper he also discussed some prestigious college that take the GATE score and there needed marks for it.

Finally he also arranged a Question and Answer session. Where he gave us the opportunity to ask questions and clarify our doubts. He was very energetic and the overall session was very interactive and kept the students indulged the whole time.

Overall the session was very informative and it gave us key insights about the GATE exam and all we need to do to start for the preparation of the exam. The session was interactive and beneficial.

Career Guidance Cell

AY 2023-24

Notice

Date: 31-01-24

The Career Guidance Cell is delighted to announce a session on "**Abroad Study Options After Engineering**," tailored for TE and BE students of all branches. This informative session will be conducted by experts from **Admit 360 Edu Abroad Solutions**, a leading consultancy in international education.

Session Highlights:

- Overview of postgraduate study options in top countries
- Information on universities, courses, and application processes
- Scholarships, funding, and financial aid opportunities
- Visa requirements and living abroad
- Q&A session with Admit 360 Edu Abroad Solutions experts

All TE and BE students from every branch who are interested in pursuing higher education abroad should attend the same. This session is a valuable opportunity to explore your options for studying overseas and to get guidance from experts in the field.

Date: 3rd February 2024

Time: 11:00 AM - 12:00 PM (link will be shared 30 min. before)

AY 2023-24

Webinar on “Abroad Study Options After Engineering”

Brief Report of Activity

Webinar on “**Abroad Study Options After Engineering**” was organized in Bharati Vidyapeeth College of Engineering for women for SE, TE, and BE students by the Career Guidance Cell on 03rd February 2023. The resource person of the webinar was **Mr. Vivek Gupta**, who is a Business Development Manager at **Admit 360**. He has more than 17 years of experience in training and mentoring students who want to pursue higher education abroad.

The webinar started at 11:00 am with greetings from **Mr. Vivek** sir, followed by a short introduction of the webinar and the speaker **Mr. Vivek** sir. As the webinar was about abroad studies, he first explained the agenda for the session and then started with the webinar. Then he went on to why Indian students opt for abroad studies: Quality of education, cutting edge technology & research, great internship options and job opportunities students will get after completing their particular Masters specialization. There are abroad destinations like USA, Canada, Australia, UK , New Zealand, Asia which are technologically advanced nations. We got to know about various benefits, policies, scholarships and opportunities provided to the students by the universities, for that he enlisted benefits provided by the universities from countries of the aforementioned destinations. There is cut-throat competition for admissions in IIMs and IITs in India, thus pursuing quality education abroad can prove beneficial.

We learned about the US education system which consists of continuous evaluation, practical learning(credits through internships and co-ops) and options for direct admission to PhD. The US education system is quite flexible about its courses and the duration to complete the course. Students can mix and match their majors, change their course, and don't have to do Masters in the same field as Bachelors. Some universities allow transfer to other universities.

With the help of some graphical interpretation, he told us various course options, admission criteria, GRE and GMAT exam and the scholarships . Then in the continuation we got to know that how pursuing Masters will help us. Jamboree provides mentoring for GRE and GMAT preparation, they help with University Admission Counselling and provide end to end services like profile building, shortlisting, documentation assistance, interview training, complimentary visa and so on.

BHARATI VIDYAPEETH'S COLLEGE OF ENGINEERING FOR WOMEN, PUNE

E-mail: -coewpune@bharatividyapeeth.edu **Website:** - <http://coewpune.bharatividyapeeth.edu>

He then showed a few students who successfully got in top universities with the guidance of Jamboree Institute.

In the end, he answered the questions asked by some of the attendees wished us luck for our future endeavours. One of the students presented vote of thanks and the webinar ended.

AY 2023-24

A Session on 'Higher Studies in the U.S. and Student Visa'

Brief Report of Activity

The Career Guidance Cell of Bharati Vidyapeeth College of Engineering for Women organized an informative session on "Higher Studies in the US and Student Visa" for SE, TE, and BE students on 27th February 2024. The session featured two distinguished speakers: Dr. Aditi, a renowned EducationUSA Adviser from the USIEF Mumbai Center, and Maxwell Kaufman, a Vice Consul at the U.S. Consulate General in Mumbai. The session aimed to provide students with essential guidance on pursuing higher education in the United States and navigating the student visa process.

Key Highlights:

1. Application Process:

- Dr. Aditi provided a detailed overview of the application process for U.S. universities, including tips on selecting programs, meeting application deadlines, and crafting a strong statement of purpose.
- She emphasized the importance of aligning academic interests with the right institutions and highlighted key resources for researching universities.

2. Scholarship Opportunities:

- The session explored various scholarship options available to international students, with Dr. Aditi detailing merit-based and need-based scholarships, as well as funding opportunities specific to STEM fields.

3. Student Visa Process:

- Maxwell Kaufman, Vice Consul at the U.S. Consulate General in Mumbai, provided an in-depth explanation of the F-1 student visa process, including the necessary documentation, the interview process, and common challenges.
- He also shared practical advice on how to present oneself during the visa interview and addressed common concerns about visa approvals and maintaining visa status during studies.

E-mail: -coewpune@bharatividyapeeth.edu Website: - <http://coewpune.bharatividyapeeth.edu>

4. Q&A Session:

- The session concluded with a lively Q&A segment, where students posed questions on topics ranging from specific university programs and standardized tests to visa regulations and post-graduation work opportunities in the U.S.
- Both Dr. Aditi and Mr. Kaufman offered personalized advice, drawing on their expertise to provide clear and actionable guidance to the students.

The session on "Higher Studies in the US and Student Visa" was a great success, providing students with the knowledge and confidence to pursue their academic aspirations in the United States.

Notice

Date: 27-04-24

The Career Guidance Cell of Bharati Vidyapeeth's College of Engineering for Women is pleased to announce a special session titles "**Give wings to your higher education dream abroad**". The session aims to provide the guidance for GRE and TOEFL exam preparation, going to be conducted by ETS, the creator of these internationally recognized exams.

Key Highlights:

- Comprehensive overview of the GRE and TOEFL exams
- Tips and strategies for effective preparation
- Understanding the importance of these exams for studying abroad
- Q&A session with experts from ETS

This is a valuable opportunity for all students aspiring to pursue higher education abroad. Don't miss out on the chance to learn from the makers of the exams themselves!

Date: 30th April 2024

Time: 11am to 12pm (Session Link will be shared soon)

A session on “Give wings to your higher education dreams abroad”

Brief Report of Activity

On the 30th of April, 2024, the Career Guidance Cell of Bharati Vidyapeeth's College of Engineering for Women organized an insightful session titled "Give Wings to Your Higher Education Dream Abroad." The session was dedicated to GRE and TOEFL exam preparation and was conducted by experts from ETS, the organization responsible for developing and administering these exams.

Key Highlights:

1. Introduction to GRE and TOEFL:

- The session began with a detailed introduction to the GRE (Graduate Record Examination) and TOEFL (Test of English as a Foreign Language) exams, focusing on their significance for students aiming to study abroad.

2. Preparation Strategies:

- Experts from ETS shared valuable strategies for preparing for both exams, emphasizing time management, study plans, and understanding the test formats.

3. Understanding Exam Patterns:

- The session included a breakdown of the exam patterns, types of questions, and scoring systems for both GRE and TOEFL, helping students to approach their preparation more effectively.

4. Q&A Session:

- A lively Q&A session allowed students to clarify their doubts directly with ETS experts. Questions ranged from specific preparation tips to advice on balancing exam preparation with academic responsibilities.

5. Resources and Support:

- ETS provided information on official preparation resources, including practice tests, study guides, and online tools to support students in their exam preparation journey.

The session witnessed active participation from students across various departments.

The session was highly successful in achieving its objectives. Students left with a clearer understanding of the GRE and TOEFL exams and felt more confident about their preparation.

strategies. The event also strengthened the commitment of the Career Guidance Cell to support students in their aspirations for higher education abroad. The Career Guidance Cell received numerous requests for similar sessions in the future.

We extend our gratitude to the ETS team for conducting this session and to all the participants for making it a successful event.

Electronics and Telecommunication Students Association (ETSA)

Report “Placement Assistance for 2024 batch”

Date: 10th January 2024

A seminar on “Placement Assistance for 2024 batch” was organized on 10th of January 2024 by Aditya Wakodkar, Seven Sense Pune for Final year students. Principal and Head of E&TC Engg. dept., Prof. Dr. S. R. Patil inaugurated the seminar. He interacted with the students and proudly welcomed the speaker.

The main key-factors of this seminar were highlighted by the speaker Aditya Wakodkar. The seminar was all about related placement. The seminar began at 10:15am with the guest speaker introducing Seven Sense Talent Solution, providing insights into the company's background, goal and key achievements. The presentation highlighted their unique job offerings for the students. They highlighted the offerings of different 50+ companies job links.

Thus platform aim to streamline communication and information dissemination.

They even highlighted the point about the pre-company specific test which the conduct online before every main company test. They also talk about their past results.

They highlighted their packages which their student got i.e from 3-26LPA. They highlighted the distribution of 50+ company's link through a Whatsapp group. After joining the group, they promise that they will provide the job opening links till 31st December 2024. The presentation covered the company's seven unique selling proposition(USPs) and shed light on corporate social responsibility (CSK) initiatives.

A notable assurance provided was regarding the authenticity of the companies involved. Seventh Sense Talent Solution emphasized that they guarantee the legitimacy of the companies offering job placements to students. This includes insurance coverage to protect students from potential fraud. Furthermore, the company extends its support by offering both an offer letter and a joining letter to the candidates. The comprehensive service package includes handling any issues that may arise during the placement process.

The seminar revealed that the cost of availing these services was set at ₹2000, plus an 18% GST charge.

Attendees engaged in a Q&A session to delve deeper into Seventh Sense's strategies and vision. Overall, the seminar provided valuable information about the company, fostering a better understanding among the audience. Total 70 students have attended this seminar.

Seminar on “Placement Assistance for 2024 batch” by Mr. Aditya Wakodkar, on 10th of January 2024 for BE E&TC students.

Report “Career opportunities in Biomedical Engineering field”

Date: 1st Feb 2024

Seminar on “Career opportunities in Biomedical Engineering field” was organized on 01/02/2024 by Mrs. Vaishnavi Banke for Final year students. Principal and Head of E&TC Engg. dept. Prof. Dr. S. R. Patil inaugurated the seminar. He interacted with the students and proudly welcomed the speaker.

The main key-factors of this webinar were highlighted by the speaker. Mrs. Vaishnavi Banke. She started by introducing herself and about her work experience. The presentation discusses various aspects of Biomedical Engineering and its related technologies. She started the webinar with explaining us about the importance of the biomedical in engineering field and all the possible ways in which we can get a job in this field.

The Webinar was concluded with a brief summary and the sincere vote of thanks. Overall, it was really beneficial as we came to know about the Career opportunities in Biomedical Engineering field. Total 77 students have attended this seminar.

Seminar on “Career opportunities in Biomedical Engineering field” by Mrs. Vaishnavi Banke, on 1st February 2024 for BE E&TC students.

Report of Seminar on “Career Opportunities in Biomedical Engineering Field”

Seminar on “Career Opportunities in Biomedical Engineering Field” was organized in Bharati Vidyapeeth's College of Engineering for Women for final - year Computer Engineering students association with CESA. The guest speaker for the session was Mrs. Vaishnavi Banke on 01/02/2024. Mrs. Vaishnavi is an professional having more than 17 years of experience.

The program started with the welcome speech and introduction of the guest speaker Mrs. Vaishnavi then started his presentation on “career opportunities in Biomedical Engineering field”. She started the webinar with explaining us about the importance of the biomedical in Engineering field and all the possible ways in which we can get a job in this field.

The seminar was concluded with a brief summary and the sincere vote of thanks. Overall, it was really beneficial as we came to know about the career opportunities in Biomedical Engineering field. The session was very informative; it was knowledge other than academics. In this seminar 40 students are present. The session was very interactive; students were very enthusiastic.

Report of seminar on “Career Opportunities in Biomedical Engineering Field”

1st February 2024

A seminar on the topic “Career Opportunities in Biomedical Engineering Field”, by Mrs. Vaishnavi Banke was held for the students of BE-IT on 1st February 2024.

Seminar started with the introduction of the speaker. Then Mrs. Vaishnavi Banke addressed the students by telling about the career opportunities in Biomedical Engineering. She gave brief information about concepts in biomedical domain.

Moreover, Mrs. Vaishnavi Banke told about different skills one must possess to excel in the biomedical field. She also elaborated about one's roadmap to get into good companies through those skills.

Seminar was very informative and students learnt a lot about company placement in biomedical field and got proper guidance regarding career in it.

Report “Job opportunities in VLSI/Semiconductor industry”

Date: 28th March 2024

A webinar on “Job opportunities in VLSI/Semiconductor industry” was organized on 28th March 2024 by Mr.Laxmi Narsimha , Takshila VLSI Institute as a Trainer for Third year and Final year students.

The main key-factors of this webinar were highlighted by the speaker Mr. Laxmi Narsimha. In this session students know about the importance of semiconductor and uses of the same. Also they told us about the new plants that are coming in India how much they are beneficial to todays generation. The semiconductor market has a huge impact on the global economy, and VLSI plays a vital role in driving innovation and progress in this industry. Total 60 students have attended this seminar.

Webinar on “Job opportunities in VLSI/Semiconductor industry ”by Mr.Laxmi Narsimha , on 28th March 2024 for TE & BE E&TC students.

INTRODUCTION

In the realm of higher education, peer-to-peer training serves as an invaluable mechanism for fostering collaborative learning and skill development among students. This report encapsulates the outcomes and insights gleaned from a peer-to-peer training session conducted by the department 'Electronics and Telecommunication Engineering' of Bharati Vidyapeeth College of Engineering for Women, Pune on 20th April, 2024. The initiative was designed to harness the power of student-led knowledge sharing and enhance the academic experience for participants. The resounding success of this initiative can be attributed to the dedicated guidance and mentorship provided by our esteemed faculty members, Principal BVCOEW- **Prof. Dr P.V.Jadhav**, Head of Department (E&TC)- **Prof.Dr.S.R.Patil**, Training Cell Co-ordinator- **Prof.S.T.Khot** and Departmental Training and Placement Co-ordinator- **Prof.Dr.R.M.Shamalik**. Their expertise and commitment played a fundamental role in shaping the effectiveness and impact of the training program.

Peer-to-peer training embodies a student-centric approach that capitalizes on the unique perspectives and capabilities of individuals within the student community. By leveraging the talents and expertise inherent in students, this training model cultivates an environment of mutual support and continuous improvement. Through this report, we aim to illuminate the significance and impact of peer-driven education within our college setting. In all 5 sessions were conducted highlighting different domains of a placement drive. A detailed explanation of each session is showcased in this report. This report seeks to serve as a comprehensive testament to the transformative potential of peer-to-peer training in enriching the educational landscape. Through its findings and recommendations, it endeavours to inspire continued innovation and excellence in student-driven educational endeavours.

CODING SESSION

The day started off with a motivating address from the HOD Dr. S.R.Patil sir, setting the tone for a day filled with focused preparation. Spearheaded by seasoned seniors acclaimed for their coding prowess, Dhanashree Kadam, Mansi Karadkhedkar, and Sanika Salunkhe, the session aimed to equip participants with indispensable skills and strategies to excel in technical assessments.

Throughout the session, attendees were immersed in a dynamic exploration of coding concepts, algorithms, and problem-solving methodologies commonly encountered in coding rounds, all underscored by the facilitators' wealth of first-hand experience and expertise. Interactive coding exercises provided a hands-on opportunity for students to translate theoretical knowledge into practical proficiency, refining their problem-solving acumen and cultivating confidence in coding under time constraints.

A particularly illuminating segment involved personalized code reviews, offering participants tailored feedback to pinpoint areas for improvement and refine their coding techniques. Culminating in mock coding rounds that authentically replicated the intensity of real-world placement interviews, participants had the chance to gauge their readiness and receive invaluable peer and mentor feedback. In essence, this peer-driven training session was a comprehensive platform that not only fortified participants' coding proficiency but also instilled in them the confidence and readiness needed to navigate the demands of placement interviews with finesse.

A resounding vote of thanks was extended to the facilitators, participants, and organizers, including Dhanashree Kadam, Mansi Karadkhedkar, and Sanika Salunkhe, whose collective dedication ensured the session's success. Special appreciation was expressed by Aishwarya Ghore from TE 1, whose heartfelt words of gratitude echoed the sentiment of continuous learning and advancement within the academic community.

APTITUDE SESSION

The second session of the day was 'Aptitude Round' conducted by Anuja Kadam , Sanjana Khadkabhavi, Avantika Bhosale. During the session a particular emphasis was placed on qualitative analysis, where the student presenters provided in-depth guidance on key topics frequently encountered in placement exams.

Beyond theoretical knowledge, the session offered invaluable practical insights. The presenters generously shared sample questions encountered during their own placement rounds, along with their personal experiences overcoming challenges. They also guided the students by solving the questions on board to explain the concepts. Further books written by R.S.Agarwal were suggested for practicing questions. Also, websites such as Indiabix were introduced. The presenters accentuated on solving club activity questions. They mentioned how the Aptitude club helped them with their placement preparation right from beginning.

They mentioned how solving topic wise questions on the club groups helped clearing their concepts and improving their math, solving techniques and speed per question. The session further empowered attendees by providing links to helpful online resources for targeted preparation based on individual interests. The combination of targeted subject-matter focus, practical problem-solving strategies, and real-life experiences provided a comprehensive and actionable roadmap for success in the upcoming placement season.

The session concluded with Pranali Chavan from TE 1 extending a heartfelt vote of thanks, graciously acknowledging the invaluable contributions of the facilitators, participants, and organizers in making the session a resounding success.

GD & HR INTERVIEW

The next session was convened to bolster awareness regarding Group Discussions (GD) and HR Interview during placement drives. Led by seasoned seniors Khushi Mittal and Bhagyashri Zende, the session delved into the intricacies of GDs, elucidating on essential dos and don'ts with remarkable insight and clarity. Khushi and Bhagyashri, drawing from their wealth of experience, eloquently emphasized the significance of projecting confidence and clarity during GDs, underscoring the profound impact of initiating or concluding discussions. Their insights were further enriched by captivating personal anecdotes, providing participants with relatable contexts and invaluable practical wisdom, fostering a deeper understanding of effective communication strategies.

A highlight of the session was the engaging mock GD exercise, where students of TE, Ananya Wagh, Sanika Purwat, Amruta Pol, Mansha Joshi, and Neha Bhosale fervently debated the topic of "How Film Stars Influence Young Minds," showcasing their burgeoning skills and receiving constructive feedback.

The session concluded on a high note, with Muskan Mirza from TE 2 extending a heartfelt vote of thanks, graciously acknowledging the invaluable contributions of the facilitators, participants, and organizers in making the session a resounding success. This session stands as a testament to the collaborative spirit and dedication within the academic community towards nurturing future professionals equipped with essential skills for success in their careers.

TECHNICAL INTERVIEW

Moving forward, our dedicated seniors, Saeed Kad, Vaishnavi Jagdale, and Medhavi Puranik, orchestrated an enlightening 'Technical Interview' session focusing on DBMS, OOPs, Core Concepts, and Q&A. Kicking off the session, Ms. Saeed Kad eloquently underscored the paramount importance of having both technical acumen and communication skills. Drawing from her personal journey, she shared invaluable insights into interview dynamics and generously provided authentic resources to aid in interview preparation, setting an inspiring tone for the session.

The session was then continued by, Ms. Vaishnavi Jagdale and Ms. Medhavi Puranik. They talked about important technical stuff in detail. Offering indispensable pre-interview preparation tips ranging from resume crafting to tackling common questions on DML, DDL, TLL, they emphasized the criticality of meticulous project selection and comprehensive project study. Moreover, their adept guidance on puzzle-solving and logical reasoning fortified students with a holistic approach to interview readiness.

They further explained the dos and don'ts of technical interviews, enriching the session with personal anecdotes and valuable insights into recruitment processes and industry dynamics. Their collective wisdom, coupled with firsthand accounts of successful placements and packages, became a guiding light for people who want to succeed in their careers.

At the session's close, Priyanka Pandekar from TE-2 extended heartfelt thanks to all, emphasizing how valuable and beneficial the session was for everyone present. This peer-led initiative not only imparted invaluable knowledge but also fostered a sense of camaraderie and aspiration among students, paving the way for their promising careers ahead.

COMPANY SPECIFIC ROUND

The final session served as the crowning moment of an immersive learning experience, bringing to light the practical applications of theoretical knowledge acquired throughout the training. 'Company Specific' round played a pivotal role to foster practical learning experiences for the students.

This round held special significance as it provided a direct interface with the different companies that the seniors were placed in, allowing students to gain invaluable insights into the inner workings of the leading industry players. The detailed list of the companies is given below:

- Capgemini: Presenter Shruti Singh highlighted Capgemini's global leadership in consulting, its core values, and the eligibility criteria for potential candidates.
- VI: This session by Akansha Prajapati and Aprita Jadhav delved into VI's academic requirements, emphasizing the importance of telecommunication subjects and the intricacies of their recruitment process.
- Publicis Sapient: Presenter Yashashri Nagargoje provided insights into Publicis Sapient's focus on digital business transformation, stressing the importance of aligning with the company's core values and understanding its services.
- Western Union: The recruitment process at Western Union was discussed by Yashashri Kulkarni. She emphasized the importance of clarity in fundamentals and proficiency in pseudo codes.
- Uno Minda: This presentation by Shweta Shivale and Sayali Kshirsagar explored Uno Minda's recruitment process, internship skills, and valuable resume preparation tips.
- Spark Minda: Presenter Priti Tarate and Dhanashree Rathi shared the unique aspects of Spark Minda were highlighted, including its high female employee ratio and same-day offer letter policy.
- IBM: Presenter Dhanashree Kadam shared the complexities of IBM's placement process were elucidated, equipping students with the necessary knowledge to navigate it successfully.
- Amdocs: Insights were provided into Amdocs' hiring procedures by Manasi Karadkhedekar. She emphasized the significance of database management basics and SQL proficiency.

The session concluded with Shruti Wakchaware from TE 2 extending a heartfelt vote of thanks, graciously acknowledging the invaluable contributions of the facilitators, participants, and organizers in making the session a resounding success.

Conclusion:

By equipping them with the knowledge and skills necessary to succeed in the competitive corporate landscape, the session instilled confidence and a sense of preparedness for the exciting opportunities that lie ahead.

The key takeaways are:

- **Comprehensive Guidance:** All five rounds of the placement process were covered, with a particular focus on the aptitude round and practical problem-solving strategies.
- **Actionable Skills:** Participants gained valuable insights on how to effectively present themselves in GDs, HR interviews, and technical interviews.
- **Real-World Insights:** BE student presenters shared their own experiences and sample interview questions, providing practical tips for overcoming challenges.
- **Company-Specific Preparation:** A dedicated session offered in-depth exploration of specific companies, their recruitment processes, and valuable pointers for securing internships and placements.
- **Skill Development Resources:** Links to online resources were provided to empower participants with targeted preparation based on individual interests.
- **Club activities:** Practicing the questions posted everyday on the clubs is very essential while preparing for placements in second, third and final year.
- **Competitive programming platforms:** Hackerrank profile, leetcode profile is recognized by various company leaders. Participating in various hackathons is crucial nowadays. Various companies arrange hackathons for recruiting employees.

By incorporating these valuable insights, participants gained a well-rounded skillset and the confidence to navigate the placement process with success.

Date: 12th April 2024

NOTICE

The placed students of BE (COMP) are going to conduct “**Peer-to-Peer Training**” for “**Awareness Program regarding Placement**” as a part of T&P activity as per the following schedule. All the students of SE (COMP) and TE (COMP) class are instructed to attend the same. Attendance for entire session is mandatory.

Date	Time	Topic	Venue	
20/04/2024	10:45 AM -11:45 AM	Coding	SE(COMP): 207 And TE(COMP): 007	
	11:45 AM -12:45 PM	Aptitude		
	12.45 PM – 1.30 PM	Technical Interview		
	2.15 PM – 3.15 PM	GD & HR Interview		
	3.15 PM to 4.00 PM	Company Specific		
	4.00 PM -4.45 PM			
	4.45 PM -5.30 PM

A Report on “Peer-to-Peer Training for Placement 2024 for Second Year Students”

Session 1: Coding

A session titled "Peer-to-Peer Training for Placements: Coding" was conducted at Bharati Vidyapeeth's College of Engineering for Women, pune on 20th April 2024, Organized for second-year Computer Engineering students, it featured guest speakers from the fourth-year computer engineering students: Divya Inagle, Apurva Pongade.

The session began with an overview of the importance of coding skills in today's job market, especially in the field of technology. They emphasized that coding proficiency is not only crucial for securing job opportunities but also for excelling in technical interviews and solving real-world problems.

They shared their personal experiences and recommended starting with fundamental programming languages such as Python, Java, or C++. They advised us to focus on mastering the basics of algorithms, data structures, and problem-solving techniques, which form the foundation of coding.

Various online platforms were suggested for practicing coding skills, including: Hacker Rank, Leet Code, and Geeks for Geeks and Introduction to Algorithms by Thomas H. Cormen, YouTube channels like free Code Camp and The Net Ninja.

The session concluded with a comprehensive summary, encouraging questions and clarification. Overall, it facilitated a deeper understanding of coding round, equipping students with valuable insights and preparation strategies

Session 2: Aptitude

A session titled "Peer-to-Peer Training for Placements: Aptitude" was conducted at Bharati Vidyapeeth's College of Engineering for Women, pune on 20th April 2024 organized for second-year Computer Engineering students, it featured guest speakers from the fourth-year computer engineering students : Vaishnavi Pasalkar, Ankita Sarmokdam.

The session commenced with an overview of the importance of aptitude skills in the recruitment process, particularly for roles in the fields of technology, finance, and management. They emphasized that strong aptitude skills are essential not only for clearing written tests but also for demonstrating problem-solving abilities in interviews.

Seniors recommended starting with the basics of quantitative aptitude, logical reasoning, and verbal ability. They advised juniors to familiarize themselves with commonly asked topics such as percentages, ratios, puzzles, and data interpretation.

Various online platforms were suggested for practicing aptitude skills, including: IndiaBIX, AptitudeTest.com, TestPot.com, and Practice Aptitude Tests.com. Seniors stressed the importance of regular practice and simulated mock tests to improve speed and accuracy in solving aptitude questions.

The session concluded with a comprehensive summary, encouraging questions and clarification. Overall, it facilitated a deeper understanding of aptitude round, equipping students with valuable insights and preparation strategies

Session 3: Technical Interview

A session titled "Peer-to-Peer Training for Placements: Technical Interview" was conducted at Bharati Vidyapeeth's College of Engineering for Women on 20th April 2024, Organized for second-year Computer Engineering students, it featured guest speakers from the fourth-year computer engineering students : Ankita Ochani, Aqsa Shaikh, Khushi Gangrade, and Tanmayi Chavan.

The session commenced with an overview of the significance of technical skills, particularly in the rapidly evolving landscape of technology-driven industries. Seniors emphasized that a strong foundation in technical areas such as programming languages, and web development is essential for securing job opportunities and thriving in technical roles.

They advised us to familiarize themselves with fundamental concepts in areas like data structures, algorithms, object-oriented programming, and version control systems.

Seniors highlighted that technical interviews often assess candidates' problem-solving abilities, coding proficiency, and practical knowledge of relevant technologies. They shared personal experiences of how strong technical skills helped them.

The session concluded with a comprehensive summary, encouraging questions and clarification. Overall, it facilitated a deeper understanding of Technical rounds, equipping students with valuable insights and preparation strategies.

A session titled "Peer-to-Peer Training for Placements: HR and GD" was conducted at Bharati Vidyapeeth's College of Engineering for Women, pune on 20th April 2024, Organized for Second-year Computer Engineering students, it featured guest speakers from the fourth-year computer engineering students: Ankita Ochani and Tanmayi Chavan.

The session aimed to enlighten students on the significance of HR and GD rounds in job interviews. Speakers shared personal experiences, emphasizing how these rounds help candidates showcase capabilities, understand strengths and weaknesses, and improve various skills.

GDs were highlighted as platforms for enhancing critical thinking, self-confidence, teamwork, and communication skills. Practical advice on preparation, such as clear communication and reading habits, was provided.

Seniors encouraged juniors to embrace a proactive approach to learning, leverage available resources effectively, and engage in hands-on projects to solidify their technical expertise.

The session concluded with a comprehensive summary, encouraging questions and clarification. Overall, it facilitated a deeper understanding of HR and GD rounds, equipping students with valuable insights and preparation strategies

Session 5: Company Specific

A session titled "Peer-to-Peer Training for Placements: Company Specific" was conducted at Bharati Vidyapeeth's College of Engineering for Women, pune on 20th April 2024. Organized for second year Computer Engineering students, it featured guest speakers from the fourth-year computer-engineering students.

The aim of the session is to introduce students to particular companies within their field of study, providing insights into their projects, technologies, and career opportunities.

This session include presentations of companies such as IBM, Accenture, Cap Gemini, Western union, Amadoc, Publicis sapient etc. Presentation includes learning about the specific aspects of various companies relevant to the engineering field. Speakers shared their interview experience and what are the questions asked to them during interview. They shared sample question, hiring process of each company.

The goal would be to help students gain a deeper understanding of the industry landscape and potential career paths available to them.

The session concluded with a comprehensive summary, encouraging questions and clarification. Overall, it facilitated a deeper understanding of company specifics, which helps students make informed decisions about their future career paths, including potential internships or job opportunities.

Session 3: Technical Interview

A session titled “Peer to Peer Training for placement: Technical Interview” was conducted at Bharati Vidyapeeth’s College of Engineering for Women on 20th April 2024. Organized for third-year Computer Engineering students, it featured guest speaker from forth year computer engineering students: Sandhya Bhakare, Pranjal Suryavanshee , Drishti Shah , Sakshi Jagtap and Sanah Naik .

The session embarks through the rounds for technical interview of the speakers. Speakers enlightens students with the skills needed to be prominent in the technical interview round. Speakers also shared their personal experiences, emphasizing the way they passed through the round along with the difficulties and challenges they faced.

Technical interview is highly based on how one is confident about the technical skills he/she learnt all through the way along with the confidence to deliver the known knowledge. Topics such as DSA, OS, DBMS, OOP, and CNS are very important part of preparation. Along with technical skills soft skills such as active listening, clear communication is also important.

The session concluded with comprehensive summary, encouraging questions and clarification overall, it facilitated a deeper understanding of technical interview, equipping students with valuable insight and preparation strategies.

A Report on “Peer-to-Peer Training for Placement 2024 for Third Year Students” Session 5: Company Specific

A session titled "Peer-to-Peer Training for Placements: Company Specific" was conducted at Bharati Vidyapeeth's College of Engineering for Women, pune on 20th April 2024. Organized for third-year Computer Engineering students, it featured guest speakers from the fourth-year computer-engineering students. These presentations illuminated eligibility criteria, recruitment processes, and career opportunities, while offering crucial advice on interview intricacies like aptitude tests, coding challenges, and HR interviews. Additionally, presenters underscored the importance of personal growth, resilience, and continuous learning for professional success.

The success of the peer-to-peer session was made possible through the dedicated efforts and contributions of our peers and mentors. We extend our heartfelt gratitude to all presenters, including Ankita Kanawade, Tanmayi Chavan, Sanjana Upase, and Vaishnavi Pasalkar who represented Accenture, Apurva Pongade, Ahilya Bandgar, and Sanjivani More who presented for Capgemini, Shraddha Tandel who delivered insights about FIS Global and others, including the presenters for BNY Mellon.

Their insights and expertise enriched our understanding of the job placement process and truly inspired us. We are also deeply thankful to our teachers and faculty members for their guidance and support in organizing and facilitating this enlightening session. Their mentorship has played a crucial role in empowering us to embark on our career journeys with confidence and determination. At last, students asked some questions. The overall session was so interactive and informative. One of student gave vote of thanks and the session ended

2023-24 Semester II

Peer-to-Peer Training' for "Awareness Programme regarding Placement" Report

The peer-to-peer training for the students was scheduled on **20th April, 2024 in classroom 206**. All placed BE IT students for giving guidance to the **TE students**. BE students prepared presentations covering these topics in detail.

Aptitude Round Session:

An introductory session highlighted the importance of aptitude tests for students and the role of aptitude to get students placed. Students learned about essential skills evaluated in these tests, including logical reasoning, numerical ability, verbal reasoning, critical thinking, problem-solving, and data interpretation. Real-world examples were used to illustrate the relevance of these competencies. Effective strategies for improving performance, such as time management and question prioritization, were also discussed. The complete session was taken by Namrata and Shital from BEIT in which they shared their own experience and the experiences of their friends too. The entire session was very meaningful and informative. This involved discussing time management, question prioritization, eliminating wrong answer choices, and utilizing shortcut methods where applicable. TE students collaborated and shared resources, discussed challenging topics, and issues they face while solving aptitude questions.

Later on after completing the session, a question and answer round was taken in which TEIT students were able to clear all their doubts and got to know about the insights of the placement procedure.

Coding Round Session:

A 'Code to Code' session was organized to ensure students fully grasp the significance of coding rounds and are adequately prepared for them. Initially, an introductory session was conducted to

explain about the coding and how this round is conducted BE students have elucidated the purpose and structure of the program, emphasizing why aptitude tests are pivotal for employers and how they meticulously assess candidates' suitability for specific roles. TE students were thoroughly briefed on various aspects of coding rounds that assess adaptability, creativity, and the ability to think outside the box, all of which are highly valued in the tech industry. They also mentioned the importance of coding rounds and how to do coding to get hired. They received in-depth insights into common coding problems, comprehensive preparation tips, and effective strategies to enhance problem-solving skills. Additionally, discussions were held on online coding platforms and resources for supplemental learning, providing students with further avenues to strengthen their skills. BE students also contributed by sharing recommended platforms and resources based on their own preparation experiences. The peer-to-peer training played a crucial role in not only improving students' understanding but also equipping them with the necessary skills to excel in coding assessments. They also explained how to build logic and keep yourself tracked to get hire packages.

This session was conducted by Prajwal, Nupur, Neha and Shrushti. They shared their own experience, what were the challenges they faced throughout their journey. The roadmap given by BEIT students was truly helpful and their strategies will surely help TEIT students.

HR Interview:

In an 'HR Interview' session, students gained valuable insights into the significance of HR rounds and how to prepare effectively. The introductory session covered the reasons why employers place high value on personality assessments, including strengths and weaknesses. TE students were introduced to behaviour prowess evaluation, which assesses a candidate's adaptability, creativity, and alignment with the company's work culture. Practical tips for handling common HR questions, improving communication skills, and utilizing online preparation platforms were shared. Additionally, BE students recommended specific resources that proved helpful during their own preparation. Some of the common HR questions discussed included self-introduction, motivation to work for the company, strengths and weaknesses, self-rating, significant achievements, future goals, and reasons for hiring.

During the session they asked a few questions to the students of TEIT to answer them and make the understanding of how the HR interview really works. The final round is the HR round and how to get yourself hired at this very final and crucial step, and the insights about this round was shared by Gauri, Krishna, Janavi and Sayali. How to answer? How to behave? What should I say? What not to say? These all questions were answered by them. Their HR interview experiences were really inspirational. Also the more stress was given on communication skills and soft skills. How it helps students to get hired easily.

Technical Interview:

This session provided practical tips and strategies for tackling technical interview questions, coding challenges, and other aspects of the technical round. The guidance on how to approach problem-solving, effective coding practices, and common pitfalls to avoid were given.

During the session, BE students shared practical tips and strategies to excel in the technical round of placement interviews. They presented PPTs covering topics such as data structures, algorithms, object-oriented programming, databases, operating systems, and networking. TE students benefited from online resources, textbooks, and peer-recommended study materials to gain a comprehensive understanding of these subjects. Additionally, they learned about the importance of communication skills and staying updated with the latest trends, tools, and technologies in their field. By leveraging the knowledge and support of their peers, TE students gained confidence and insights to tackle technical interview questions effectively. Overall, the session provided valuable preparation for TE students, empowering them to excel in their upcoming placement interviews. Company Wise Hiring Trends, type of questions and requirements shared by them. This helped students to get ideas about the companies and how to prepare for them?

This session was taken by Anam, Vaishnavi, Samruddhi, Saraswati. Their own experience was really inspirational and very much to gain from that.

Company Wise Hiring Trends:

During the session, BE students offered company-specific preparation strategies for placement, drawing on their own experiences and insights. They emphasized the importance of researching the company, understanding its culture and values, and aligning one's skills with its requirements to stand out among other applicants. Additionally, students from BE IT who had been placed in various companies, such as Amdocs, Capgemini, BNY, Parker, Accenture, FIS, Barclays, IBM, Standard Charter and Persistent, shared insights into the recruitment processes and hiring trends of these companies. They stressed the need for thorough research on the company, studying its website, annual reports, news articles, and industry trends. Furthermore, BE students shared their interview experiences, including types of questions asked and specific competencies assessed. They mentioned that soft skills play a key role in this complete process. They also provided guidance on maintaining a professional online presence, networking strategies, and building a strong personal brand. Having a good LinkedIn account is also very important as mentioned by BEIT students. Through this session, students gained practical insights from their peers, enabling them to tailor their preparation strategies for specific companies effectively. This session was conducted by Kalyani, Nikita, Sharwari, Shruti and Swapnali.

Department of Information Technology

A. Y. 2023-24 Semester 2

'Peer-to-Peer Training' for "Awareness Programme regarding Placement" Report

All the placed students of BE IT formed the 5 groups to cover important topics for the preparation of Campus Placement, Aptitude, Technical, HR Interview, Code to Code Round, Company wise hiring trends. Each group prepared PowerPoint Presentations. The peer-to-peer training for **SE students** was scheduled on **20th April, 2024 in classroom 205**.

An aptitude test is an important part of the screening process for potential employers. They focused on Logical reasoning, Verbal Ability, Numerical Ability, Abstract Reasoning, Spatial reasoning etc. They also covered guidance for group discussions, as this round is conducted in the selection process for trainees and executive positions to mainly check team playing skills for working in organizations with people.

During the Technical sessions the important topics of Data Structure and Algorithms, Object Oriented Programming, Database Management Systems, Computer Network, Operating System were discussed. Questions asked in the technical round were discussed. What are the important points to consider while giving technical interviews were fully explained by BE IT students. How to solve the particular questions into the given time period.

Further, they elaborated how every company conducts an HR interview round to judge your personality, your strengths, your weaknesses, your capability to handle the role, to check your background, and to understand if you're the right fit for this job. The guidance for general questions like Tell me about yourself, why are you interested in this position? Were given.

The Code To Code session included demonstration of online programming platforms like Hackerrank , Code Chef, Geeks for Geeks, Prepinsta , LeetCode etc. for logic development and programming practice. These sessions were indeed useful for SE students for the preparation of Company placement.

In the Company specific session, the one placed student from each company of BE IT has given a presentation on the recruitment process of each particular company. The hiring trends in companies like Amdocs, Capgemini, IBM, Accenture, BNY Mellon and FIS were explained by BE IT students. Also the general questions were asked by SE students and they were answered by BE IT students.

Notice

Date: - 18-01-2023

Product based, Service based MNCs, Consultancy firms, and all our recruiters are expecting higher technical competency level day by day during Campus Recruitment Process. To access Technical Competency and Employability Skill Development Skill of eligible and interested students we are replacing "Mock Interview Practice" by "Placement Preparation Presentation".

Assessment team will be Head of Department, respective Project guide/Internship Mentor, Dept Placement In charge and Dept Internship In charge. The activity will be coordinated by dept Placement staff coordinator (Prof Rameez, Prof Mugdha, Prof Kiran). Assessment Report of each student is with department Placement staff coordinator, he/she will make sure to note each team member's remark on Candidate Assessment Report, finally based on student's technical competency HoD will decide Approval/Non approval of each student for Placement Process.

Few pointers for Interview/Presentation are attached with the notice, you are welcome to value add the questions. The detail schedule is as follows:

IT department:-

23rd Jan 2023 (Mon) 10 am onwards

IT department students whose Project Guide are Prof Dr Deepali Godse, Prof Dr Ketaki Malgi, Prof Sonali Dhuttargi, Prof Mugdha Rane, Prof Swati Sagar, Prof Seema Hadke.

1st Feb 2023 (Wednesday) 10 am onwards

IT department students whose Project Guide are Prof A D Khairkar, Prof A V Kanade, Prof Dr S S Thite, Prof Nilofer Mulla, Prof Kamlesh Patil.

Computer department:-

24th Jan 2023 (Tuesday) 10 am onwards

Computer department students whose guide are Prof D D Pukale, Prof P D Kale, Prof Dr S P Kadam, Prof S B Jadhav, Prof A P Kadam, Prof V D Kulkarni.

2nd February 2023 (Thursday) 10 am onwards

Computer department students whose Project guide are Prof K S Warke, Prof K S Sawant, Prof N I Dalvi, Prof K D Yesugade, Prof Dr S A Pawar, Prof S A Deshmukh.

E&TC department:-

25th Jan 2023 (Wednesday) 10 am onwards

E&TC department students whose Internship mentors are Prof Dr S R Patil, Prof Dr S S Chorge, Prof Dr V R Pawar, Prof Dr S M Rajbhoj, Prof S A Itkarkar, Prof Dr S L Kore, Prof Dr S A Dhole, Prof Dr S M Jagdale.

27th Jan 2023 (Friday) 10 am onwards

E&TC department students whose Internship mentors are Prof Kalyani Chaudhari , Prof Dr S S Salunkhe, Prof S M Bhilegaonkar, Prof M S Kasar, Prof P R Yawale, Prof V S Karamblekar, Prof V P Mulik, Prof R R Jain.

28th Jan 2023 (Saturday) 10 am onwards

E&TC department students whose Internship mentors are Prof Y R Dhumal, Prof S V Shelke, Prof A B Vitekar, Prof K D Mahajan, Prof R M Shamlik, Prof A P Yadav, Prof S M Patil.

We have already informed above schedule to students, so interested and eligible students may connect with you to update her presentation preparation, please guide her. Students are informed to carry 5/6 hardcopies of resume for each interview team member and wear college uniform (formal uniform if college uniform not issued), If any suggestions or clarification expected please connect with Placement team.

Placement Preparation Presentation Evaluation (Third Year 2022-23)
Summary Report Computer Engineering

Date: - 03-02-2023

Placement Preparation Presentations (1st iteration) were conducted from 23rd January to 2nd February 2023. Third year students have been assigned few pointers (Questions) and study resources prior 2 months of interview schedule. The interview Panel constitutes of Head of Department, Department Placement Coordinator staff, Department Internship In charge, Project Guide / Internship Mentor.

Following are the objectives of the Programme:

- 1) To analyze her Technical Competency.
- 2) To create early awareness about recruiters' expectations.
- 3) To verify her consistent practice on Competitive Programming platform.
- 4) To Guide about the content of resume and presentation pitch.
- 5) To understand about recruiters' proposed selection rounds.
- 6) To take Feedback about learning skills within Internship.
- 7) To access the Clarity about Seminar (Literature Survey of proposed project)

Outcome of the Programme :

- 1) Based on student's presentation, she has been informed about her "Approved in 1st Iteration" or "Non Approved in 1st Iteration" status immediately. Areas of improvement were suggested by Panel members.

Proposed Plan of action for above both categories:

- 1) "Approved in 1st Iteration" :

Each approved student will update her Project Guide / Internship Mentor

Placement Preparation Presentation Evaluation (Third Year 2022-23)
Summary Report Information Technology

Date: - 22-02-2023

Placement Preparation Presentations (1st iteration) were conducted from 23rd January to 2nd February 2023. Third year students have been assigned few pointers (Questions) and study resources prior 2 months of interview schedule. The interview Panel constitutes of Head of Department, Department Placement Coordinator staff, Department Internship In charge, Project Guide / Internship Mentor.

Following are the objectives of the Programme:

- 1) To analyze her Technical Competency.
- 2) To create early awareness about recruiters' expectations.
- 3) To verify her consistent practice on Competitive Programming platform.
- 4) To Guide about the content of resume and presentation pitch.
- 5) To understand about recruiters' proposed selection rounds.
- 6) To take Feedback about learning skills within Internship.
- 7) To access the Clarity about Seminar (Literature Survey of proposed project)

Outcome of the Programme :

- 1) Based on student's presentation, she has been informed about her "Approved in 1st Iteration" or "Non Approved in 1st Iteration" status immediately. Areas of improvement were suggested by Panel members.

Proposed Plan of action for above both categories:

- 1) "Approved in 1st Iteration " :

Each approved student will update her Project Guide / Internship Mentor

3 times with upgraded resume in upcoming semester and submit resume to guide/ mentor, her transformation from 1st resume version (already with guide/mentor) to 4th resume version (May 2023) will be observed. Schedule for next visits to guide/Mentor is as follows:

- (a) 1st/2nd/3rd March 2023
- (b) 1st/2nd/3rd April 2023
- (c) 1st/2nd/3rd May 2023

2) "Not Approved in 1st Iteration" :

If student is interested to appear in proposed Campus Placement drive and willing to take efforts, she may present her preparation to her project guide /internship mentor. If guide/mentor approves recommend "Not Approved in 1st Iteration" student may write an application, get remark of her Project guide / Internship Mentor and submit signed application to Department Placement staff Coordinator. Based on the recommendations from all guide/mentor "Not Approved in 1st Iteration" student may be given an opportunity to present again.

3) Category 1 i.e. students who are interested to pursue PG (MBA/MS/ME/MTECH) MPSC /SSB will submit an application (planning for higher studies immediately) with her Parent's signature to Department Placement staff Coordinator till 6th February 2023 EOD.

**Training Cell
Notice**

Date: - 15/09/2023

In order to improve placement ratio of the Institute, it is very important to sharpen Coding ability and improve students Aptitude through regular practice and tests. Employers value candidates proficient in these areas for problem solving and technical roles. Hence Training cell of BVCOEW is starting Coding, Aptitude, HR and Test series clubs which will equip you with the necessary skills and give you a competitive edge in securing job opportunities.

All these clubs shall work online through WhatsApp groups of each class. Students' coordinators shall take the responsibility to run these clubs under the guidance of Training Cell coordinator Prof. Khot S. T. All the students are required to join these clubs to enhance your employability and career prospects.

**Prof. S.T. Khot
Training Cell Coordinator**

Report of Coding, Aptitude, HR Clubs

A.Y. 2023-24

Different Clubs like Coding, Aptitude and HR are conducted by students, observed and corrective actions are suggested by the Training Coordinator. One of the students gives a task daily and other students solve it by end of the day which enhance their thinking power and also receive constructive solutions from other students. These clubs are helpful to broaden the knowledge of students in terms of Placement.

Q. What is computer programming? S. It is the process of writing instructions, called program, for a computer to perform a specific task. These instructions, often written in a programming language, tell the computer what actions to perform. A programming language is a set of rules and conventions used to write programs.

Q. What is the process of computer programming? S. The process of computer programming involves several steps: 1. Problem definition 2. Algorithm design 3. Coding 4. Testing 5. Documentation 6. Maintenance.

Q. What is a programming language? S. A programming language is a set of rules and conventions used to write programs. It is a language that a computer can understand and execute.

Q. What are variables? S. A variable is a symbolic name that represents a value that can change during the execution of a program.

Given an array of integers, find the sum of its elements.
For example, if the array ar=[1,2,3], 1+2+3=6, so return 6.
Function Description
Complete the simpleArraySum function in the editor below. It must return the sum of the array elements as an integer.
simpleArraySum has the following parameter(s):
ar: an array of integers
Input Format
The first line contains an integer, n, denoting the size of the array.
The second line contains n space-separated integers representing the array's elements.
Constraints
0<n, ar[i]<=1000
