### **ABOUT PLACEMENT CELL:**

In today's competitive world, Technical expertise and Soft skills go hand in hand. A balanced development of both is crucial for cracking the Campus Placement Process. Technical skills required for freshers' hiring are job-specific skills, applying the knowledge to solve a particular tasks. It helps in solving technical or domain-related problems. It increases employability chances and other career growth opportunities. It keeps students updated with industry standards and technology.

Soft skills relate to articulation of skills, communicating it properly, behavioural skills, interpersonal abilities, and teamwork. It enhances leadership and decision-making abilities. It helps in handling proposed workplace challenges, conflicts and build professional relationships.

For strengthening Industry-Institute interaction our institute has a strong Placement Cell. The cell organizes many technical and allied events such as workshops, seminars, expert lectures on improving student personality and soft skills. Placement activities are carried out rigorously so as to make our student ready to cater the industries by all aspects.
